From the Desk of the Grand President

The Cover

The College of Business Administration building at the University of Denver, Denver, Colorado, is the featured building on the cover of this issue of The DELTASIG. The University of Denver was first featured on the cover in May, 1953 and again in November, 1961. The policy of featuring different campuses on the cover of the magazine was started in May, 1941, when Indiana University was featured first.

College Fraternity Editors Association

from the desk of the Grand President

RECENTLY A GOOD FRIEND quizzed me quite vigorously on fraternities and the meaning and purposes of fraternalism. His interest stemmed from recent news reports on the tragic results of hazing by a group of men who purport to be members of a fraternity.

In an effort to satisfy my friend's curiosity, I first quoted to him Webster's explanation of a fraternity, which is "a group of men joined together by common interests and fellowship." I then explained to him that the four types of National fraternities are professional, general, honorary, and recognition; and that we, of course, are a professional business fraternity.

While I could not speak for other National fraternities, I pointed out that our fraternity has very definite rules and regulations by which our chapters are governed, as well as traditions which carefully guide our purposes. I went on to explain that as a National business fraternity, one of our main objectives is to create a closer affiliation between the world of business and the students of commerce, and as such, we draw our entire membership from students following a course of study leading to a degree in business. Further, I was quick to state that while we are basically professionally oriented, we do have a fair degree of social activities and that we encourage these as long as they do not overshadow our basic professional purposes.

He was very pleased to hear, in this discussion, that we have definite rules and regulations prohibiting the hazing of our members or other undignified acts which might humiliate an individual seeking membership into our ranks. He was further pleased to learn that our fraternity has definite aims and goals in assisting our members; through our professional programs, their acceptance of chapter offices, and committee work; for their transition into the business world.

I know that I have made a convert of this friend to the ideals of fraternalism, but I wonder how many others carry with them an adverse feeling toward fraternities because of the actions of these few students purporting to be a fraternity. Each of you has probably experienced this adverse feeling in your rushing efforts or in speaking with other members of the school or community. Our best defense against such adverse criticism is the programs carried out at the local level by your own chapters. When it is evident that your chapter is made up of serious business administration students who carry on programs which benefit your members and your own school and community, then your reputation cannot be marred by the unthinking acts of others.

Delta Sigma Pi is a great fraternity built upon traditions and the respect of the administrations on whose university campuses we are guests. Each of us should always keep this good reputation of our fraternity in mind when selecting pledges, carrying out chapter functions, or in planning future programs and activities. In this manner I am sure that all who come in contact with us will say, "they are men of commerce, men of Delta Sigma Pi, the world is better because they dwell upon it."

Thomas M. Mocella,

Thomas M. Mocella Grand President

New Hampshire Seacoast Resort to Host 29th GRAND CHAPTER CONGRESS

WENTWORTH BY THE SEA, the famous New Hampshire seacoast resort has been chosen to host the 29th Grand Chapter Congress of Delta Sigma Pi. The five day meeting will begin on Monday, August 27, and will conclude on Friday, August 31, 1973. This Grand Congress has been extended one day to provide additional time to take advantage of the recreational facilities provided by the hotel and the many historical sites in the area. Vacationing members, including families, couldn't find a better area to enjoy your holidays and the spirit of attending a Grand Chapter Congress than that comprising New Hampshire and Southeastern Maine.

The first settlement in New Hampshire was made in 1623, 350 years ago. This settlement was in the coastal area in what is now the town of Rye. The Rye settlement was given up in favor of Strawberry Banke, which is, today, Portsmouth. Portsmouth was the colonial capital of New Hampshire and is known for its historic events and architectural heritage.

Just east of Portsmouth at the mouth of the Piscataqua River is the village of New Castle. Here in December 1774, New Hampshire patriots, in the first armed resistance of the American Revolution, captured the powder and arms in Fort William and Mary, now named Fort Constitution. Portions of the old fortress still remain. Also located here is Fort Point Lighthouse, now a U. S. Coast Guard station. It is here on the coast that the Wentworth by the Sea hotel is located.

Points of Interest

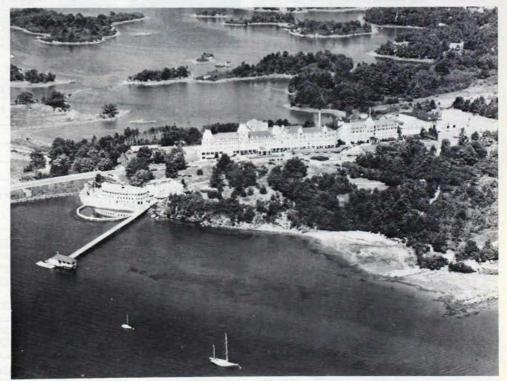

For the ladies, and perhaps some of the members, Portsmouth has many reminders of colonial times in its fine old houses and narrow, winding streets. Strawberry Banke is a restoration project now in progress. When completed, this nine acre site will contain 30 historic houses, two inns and a statehouse. One such house dates from 1660. In some of the restored buildings, craftsmen offer demonstrations of their various skills; among these are weavers, spinners, crewel workers and rug, pewter and cabinet makers. Included in the ladies' program will be a guided tour to Fuller Gardens and Strawberry Banke.

On Badger Island in Portsmouth Harbor is the big U.S. Naval Base, It is the principal yard for building and repairing submarines. Although not open to the public, much of its operations can be seen from across the Piscataqua River.

Although the New Hampshire seacoast is only 18 miles long, it is lined with good beaches—Hampton Beach, Great and Little Boars Head, Rye Beach, Seabrook and Wallis Sands. Just across the river from Portsmouth are the Maine seacoast resorts of Kittery, York Harbor and York Beach.

Recreation

For the golf enthusiast there is the seaside course. Located just two blocks from the hotel, it offers some of the most scenic holes in America. Just across the street from the hotel is the par 3, 18 hole putting green. The Wentworth has four championship tennis courts, ping-pong and shuffleboard courts. The Olympic-

SITUATED ON THE ATLANTIC coast near Portsmouth, New Hampshire, is the famous Wentworth by the Sea Hotel, site of the 29th Grand Chapter Congress of Delta Sigma Pi scheduled for August 27-31, 1973. Just above and slightly to the right of this photograph across the Piscataqua River is the famous coast of the State of Maine.

size, heated swimming pool contains lounges and its own locker rooms.

Recreation costs are as follows:

Tennis		 Free
Shuffleboar	rd	 Free
	een	
	\$5.00	
	rts\$8.00	
		 1

Push Carts\$1.00 per day

Golf and tennis equipment can be rented on a daily basis at a nominal charge.

Business Sessions

Even though this Grand Chapter Congress has been extended to five days to provide for extra time for recreation and sightseeing, there will be business as usual. Members are urged to arrive at the hotel on Monday, August 27 following lunch and prior to dinner. The assignment of rooms and the registration of the members for the Grand Chapter Congress will not begin until that time. Members arriving prior to that time and staying overnight or having meals in the hotel will be billed for the extra cost as they are not included in the package rate for the convention.

The first activity will be the Grand President's reception held on Monday evening. Unlike the past, those attending the reception will be received by Grand President and Mrs. Thomas M. Mocella, Past Grand President and Mrs. Warren E. Armstrong and Executive Director Charles L. Farrar. The opening business session will be held on Tuesday morning beginning promptly at 9:30 a.m. The entire afternoon has been provided for Regional "rap sessions" or recreation. Dynamics of fraternity leadership will occupy the work time on Wednesday afternoon, August 29.

Following a similar session on Thursday morning will be the exemplification of the Ritual with the initiation of the Honorary Member at Large early that afternoon. The final business session will be held on Friday morning followed by the installation of Grand Officers and the farewell luncheon. The luncheon will be concluded by 2:00 p.m. allowing ample time for the members to check out of the hotel prior to the 3:00 p.m. check out time.

Location

Wentworth by the Sea is located 52 miles north of Boston by super highway. Greyhound and Trailways buses service the area. Members arriving at the Logan International Airport in Boston may select the limousine service direct to the Statler Hilton Hotel in Boston and transfer to a Greyhound bus directly across the street for travel to Portsmouth.

The C & J Airport Limousine Service also provides daily service from Logan airport to the Howard Johnson Motel at the Portsmouth Rotary. Departures are from limousine stands at the Eastern, American and TWA terminals. The current schedule has seven departures during the week days and one late evening schedule. There are less frequent schedules during the weekends and on holidays. The current fare is \$9.00 one way, or \$15.00 round trip. Both the schedule and fare are subject to change without notice. Seating may not be available unless reservations are m

your local travel agent or write or call C & J Airport Limousine Service, Dover, New Hampshire 03820, telephone 603 742-0173.

To reach the hotel by car proceed north from Boston on the New Hamp. shire Turnpike (I-95). After passing through the Hampton toll gate, take first right, (Exit 3), marked Portsmouth-Newcastle. At exit road, turn right, following Route 1A (also named Greenland Road and then Middle Road) past North Congregational Church to fork in road, continue right on Middle Road to intersection with stop light. Continue straight ahead at this intersection. Middle Road now becomes South Street. Continue straight ahead (South Street is also 1A) to next intersection with stop light where you will see cemetery. Turn right at this intersection on Sagamore Avenue (still 1A) and proceed along road across bridge to intersection on 1A and 1B at the Texaco station. Turn left at this intersection and proceed along Route 1B to the Wentworth by the Sea.

the alumni world

Shoup is Assistant VP of Bank of the Commonwealth

PAUL C. SHOUP, a member of Gamma Rho Chapter at the University of Detroit, was recently elected assistant vice president of the Bank of the Commonwealth in Detroit.

Brother Shoup, formerly an assistant cashier, has charge of the real estate and facilities section in the bank's properties department. He became associated with the bank in 1966 in the purchasing department. A graduate of the University of Detroit, Brother Shoup has been designated a Certified Purchasing Professional by the American Purchasing Society. He is also a director of the American Institute of Banking, president of the Detroit Lafayette Park Kiwanis Club and treasurer of the Grosse Pointe Sail Club.

THE NEWLY ELECTED assistant vice president of the Bank of the Commonwealth in Detroit is Brother Paul C. Shoup, a member of Gamma Rho Chapter at the University of Detroit.

TRAVIS L. THOMPSON, a member of Beta Kappa Chapter at the University of Texas at Austin, was recently named vice president—Chicago for Texaco, Inc.

Travis Thompson is Texaco VP in Chicago

TRAVIS L. THOMPSON, a member of Beta Kappa Chapter, and formerly general manager in the Sales Department—United States for Texaco, was recently elected Vice President—Chicago.

A graduate of the University of Texas at Austin, he joined Texaco's sales organization in 1941. He was named District Sales Manager in Amarillo, Texas, in 1957 and in Miami in 1960. He was appointed Assistant Division Sales Manager in Orlando in 1962 and Division Sales Manager in Norfolk in 1963. He was later Regional Sales Manager at Los Angeles and General Sales Manager there before being named General Manager of the Sales Department—United States in 1969.

Eduardo Aguirre, Jr. Named Assistant VP for Bank

BROTHER EDUARDO AGUIRRE, JR., a member of Beta Zeta Chapter at Louisiana State University, has joined the First Union National Bank of Charlotte, North Carolina, as Assistant Vice President in Charge of Latin American affairs.

A native of Havana, Cuba, Brother Aguirre is a graduate of Holy Cross High School in New Orleans and Louisiana State University at Baton Rouge. In addition, he has completed a number of courses of the American Institute of Banking.

Before joining the First Union, Brother Aguirre was the associate representative with the Texas Commerce Bank of Houston in its Mexico City office.

Udouj Elected to Board of Directors

RICHARD J. UDOUJ, a member of Beta Theta Chapter at Creighton University, and currently executive vice president of Riverside Furniture Corporation, Fort Smith, Arkansas, has been elected to the board of directors of the Southern Furniture Manufacturers Association.

Brother Udouj is also a member of SFMA's Consumer Affairs Committee, and serves on the board of directors of the Southwestern Furniture Manufacturers Association. Active in civic affairs in Fort Smith, he is a member of the board of directors of the Fort Smith Chamber of Commerce, the advisory board of St. Edward Mercy Hospital and the school board of Christ the King school.

He was selected the Outstanding Young Man of Fort Smith in 1967, and the Outstanding Young Man of Arkansas in 1969. He has served three terms as president of the Westark Area Council of the Boy Scouts of America, and is a recipient of the Boy Scouts' highest recognition, the Beaver Award.

SFMA is headquartered in High Point, N. C., and is the nation's oldest and largest furniture manufacturers association.

PITTSBURGH

FOUNDERS' DAY was celebrated on November 11 and our alumni club president, Rudy Tarabek, was honored. Rudy was presented a gold watch as a memento. It was an emotional experience that left our leader speechless.

Our annual square dance was held on January 27 at the Duquesne University Student Union. A favorite event on our social calendar, this affair was again a success due to the participation of Lambda Chapter, University of Pittsburgh; Theta Rho Chapter, Duquesne University; and prospective members of a chapter now organizing at Robert Morris College. Success of the square dance was assured when Brother Tom Timcho and committee did not burn the baked beans.

This month we are going to root our Pittsburgh Penguin hockey team to a victory. They haven't had too many lately and they need all the help they can get.

Every fourth Monday of the month the Pittsburgh Alumni Club holds its business luncheon. It features good food and fine guest speakers. If in the Pittsburgh area, why not make arrangements to attend?—THOMAS J. CROWE, JR.

DETROIT

THE GREATER DETROIT ALUMNI Club has become politically oriented. Among our ranks we now have two judges, Brother Bob Brang and Brother Frank O'Brien; a city councilman, Brother John Maynard; a city treasurer, Brother Joe Claycomb; a county commissioner, Brother Mike Reilly; and a whole bunch of up and comers. It was with a great deal of pride that the Greater Detroit Deltasigs assisted in the various campaigns to get our Brothers elected. And, as always in Delta Sigma Pi, the Brothers that gave of their time and effort benefited through an increased knowledge of the internal workings of politics.

Time really flies when you are having a good time. Here we are in March already and it seems we just got started. We still have many exciting functions on our calendar before the year ends. The "Rose" dinner dance at the Roostertail Restaurant in Detroit will be on March 10. We have another initiation on April 7, a Millionaires Party on April 28, outgoing officers party on May 12 and our annual golf outing on June 2. If you are in the Detroit area on any of these dates please contact Brother Bob Trapp, Sec., GDAC, 22301 Olmstead, Dearborn, Michigan 48124, Ph. 563-6940.—WILLIAM F. HENDRY

CHICAGO

THE CHICAGO ALUMNI CLUB'S first dinner meeting of the new year was 'Law Night' held on Thursday evening, January 18, at Chicago's famous Blackhawk restaurant; the entree was their scrumptious prime rib. Our speaker of the evening was Investigator Robert Reynolds of the Chicago Police Department whose talk was "How To Prevent Burglaries of Home and Person."

On February 15 the Brothers again convened at the Blackhawk for Professional Night. The speaker for this professional meeting was welcomed by all members, even those to whom it is impracticable to itemize.

The March 15 dinner meeting will be Past President's Night. The club is dining at the famous Swedish Club, undoubtedly for their smorgasbord. The Commandant of the Glenview Naval Air Station will be the speaker. The balance of this season's calendar indicates a dinner-theatre party in April, to be announced. Undergraduate Night will be a professional meeting on May 10 at the Playboy Towers. The final event of 1972-73 will be our traditional golf outing, banquet and election of officers. As usual this event will be held at the Midwest Country Club.

The welcoming hand of brotherhood is extended to all Deltasigs in the Chicago Metropolitan Area. Cocktail hour of our dinner meetings commences at 5:30 o'clock and dinner is served at 7 o'clock. Contact us at 42 East Cedar Street, Chicago, Illinois, 60611. President Forbes Baker's office telephone number is 833-3700 and your correspondent can be reached at 263-4402.—DONALD F. HOLEM

PHOENIX

OUR MONTHLY MEETING of December 7 was highlighted with a color slide presentation of Mexico. It was presented by Mr. Nyle Leatham, a relative of Brother Bob Leatham. The presentation was informative and entertaining. He explained some of the "keys" to organizing a family trip into Mexico.

We would like to proudly announce our annual Las Vegas Party to be held on Saturday, March 3, 1973, at the V.F.W. Lodge, Post 9400, 804 East Purdue Avenue, Sunnyslope, Arizona. All Brothers are invited to attend. If you are in the Phoenix area and desire more information, please telephone me at 832-2142.—DANIEL F. SHIELDS

TULSA

THE TULSA ALUMNI CLUB ended the year 1972 by awarding a scholarship to Brother David Simpson. David is an undergraduate in Beta Chi Chapter. The funds for the scholarship were raised by holding a turkey raffle. The scholarship was awarded on the basis of need and the requirement that the recipient be a Brother of Delta Sigma Pi.

The new year 1973 was opened with a dinner business meeting in order to make plans and set objectives for the new year. Our meeting was well worthwhile, as we feel that we have a good calendar of events for the coming year.

In February a wine-tasting party was held. A speaker spoke on each of the wines to make the party more informative.

A progressive party was held in March. The Brothers, wives and dates traveled in two buses from house to house tasting exotic food and drink.

In April we will have a dinner at a local theater which we hope will prove to be fun for all.

In May another money making project will get underway. The project, which has not been finalized yet, will go into our scholarship fund and help to keep the club's expenses covered. In June we plan to hit hard in the field of bringing more members into our club hy having a roundup party at Keystone Lake. We will be working on graduating seniors and other Brothers in the Tulsa area.

The Brothers of the Tulsa Alumni Club welcome any correspondence from other alumni clubs and undergraduate chapters.

Keep watching as the Tulsa Alumni Club marches on.—JACK L. EDMISTON

SAN FRANCISCO

THE SAN FRANCISCO ALUMNI Club is enjoying a moderate growth in membership during the current year due to the effective efforts of the brotherhood to involve more members. Extensive use of written and oral communications has resulted in greater awareness of the Alumni Club's existence by Brothers in the area not previously contacted.

The assistance of The Central Office has been instrumental in the development of our alumni club by enabling us to expand our alumni coverage through the printing of a comprehensive listing of alumni in the Greater San Francisco Bay Area. The geographical listing contains the names and addresses of 1,303 alumni brothers in our area of influence Consideration is being given to the creation of alumni clubs in San Jose, the East Bay, and Marin for the convenience of those Brothers unable to attend the luncheon meetings in downtown San Francisco at the Iron Horse Restaurant.

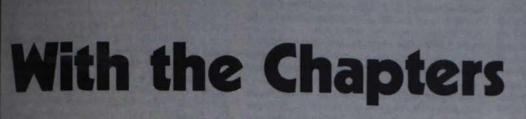

Despite the sub-freezing temperatures and snow, rare occurrences for San Franciscans, there was a good turnout for our December meeting which featured a panel discussion about "Morality in Business." The January 4 meeting provided everyone with a good opportunity to get together and recuperate from the extremely busy period of activities during the recent Holiday Season.

The February meeting featured a sports notable, however, due to another disappointing finish there was no Super Bowl championship game between the two Bay Area pro football teams so that we could not invite Daryle Lamonica of the Oakland Raiders and John Brodie of the S.F. 49'ers to our "championship" banquet. Maybe we can persuade Gene Tenance of the World Champion Oakland A's to meet with us. The annual fellowship nite on February 8 was an entertaining event with an Oriental touch.

Please write to me at Korea Trade Center, 250-C, World Trade Center, Ferry Bldg., S.F., Ca. 94111 or call me at 415 391-2637 for further information about the San Francisco Alumni Club.—JAMES D. FLYNN

Join your fellow Life Members in wearing this pin of distinction.

DENVER

ALPHA NU CHAPTER at the University of Denver initiated five new members on January 7. The pledge class of Tim Arbough, Dave Hetrick, John Mundell, Tom Reetz, and Don Taylor will add much to our organization. Their willingness to work was demonstrated in their project of cleaning and repairing our mountain lodge. Antonio Hutardo also has joined our chapter after transferring to the University of Denver from the University of Texas at El Paso, where he was a member of Gamma Phi Chapter.

Our "Rose" Dance was held this year in January at the Aviation Country Club. We had an excellent dinner, followed by dancing with the music supplied by the club's band. Other social functions have included ski days and "tubing" and sledding parties up in the mountains. A big highlight was the University-sponsored Winter Carnival held at Steamboat Springs, which many brothers attended.

Alpha Nu Chapter's professional program has been very fine this past quarter. In addition to our guest speakers, much excitement has been added to the program by the anticipation of a weekend trip to Warren Air Force Base, near Chevenne, Wyoming.

We extend congratulations to Bruce Amsterdam, our recently elected chancellor. He replaces Rick Zappone, who graduated from the University last December with a master's degree.—RONALD L. HILTON

PHILADELPHIA TEXTILES

ETA XI CHAPTER elected its officers for the 1973 calendar year. The new officers are President, Mike Heine; Senior Vice President, Eric Fishman; Vice President for Pledge Education, Sonny Peffall; Professional Vice President, Paul Meronyck; Secretary, Ed Heisler; Treasurer, Brad Schweon; Chancellor, Dick Straff; and Historian, Pat Gavaghan.

Harry Cooker, 1972's president, suggested that we nominate him for Undergraduate of the Year. The Brothers of Eta Xi Chapter were proud to follow his suggestion.

Sponsored by our newest Brothers, Eta Xi Chapter went on an overnight camping trip at Hickory Run State Park in January. Our Brothers are easily identified on campus by their frostbitten fingers.

Philadelphia Textiles will start an interim work program with several accounting firms in the near future. Brother Jack Raskin, our chapter advisor, is in charge of the program.

Textiles alumni will soon receive letters from the undergraduate chapter to promote some type of alumni communications. (Eta Xi Chapter's first president, Al Mandia, makes short feature films for Arthur Young and Company.)

The Brothers of Eta Xi Chapter hope that the rest of 1973 will be profitable and worthwhile for every brother and every chapter in the International Fraternity of Delta Sigma Pi.—BRAD SCHWEON

ARIZONA

GAMMA PSI CHAPTER at the University of Arizona ended the semester with awards and elections of two offices. Outstanding member for the semester was Brother Andy Randles, while Brother Dean Powell was honored as outstanding pledge. At the annual Honors Convocation, Brother Chris Reece was awarded a silver bowl for outstanding academic achievement. Brothers Bernie Campos, Steve DeLateur, Dave Denomy, Pat Farrell, Jim Flory, Jim Gjurgevish, Harris Goodman, Mark and Max McCauslin, Bob Mejias, Rico Saccani, Steve Schenk, Mike Smart, and Rod Wacker were also recognized for their academic achievement. Brother Marc Brauer was elected president for the spring semester and the office of vice president was won by Brother Jim Flory.

The Brothers celebrated Founders' Day with a few of the Brothers going to Phoenix, while the remaining Brothers stayed in Tucson and celebrated with a small get-together and football game.

The end of the semester also saw the graduation of four Brothers: Bob Bell, our past president, Al Gemson, Harris Goodman, and Mark McCauslin. Good luck, Brothers.—VIC RODRIGUEZ

DUQUESNE

THETA RHO CHAPTER has embarked on its most successful year ever. All our plans for the past semester were made during three meetings held during the summer. We started our rush activities the second week of school by having a coffee hour each day for a week. This was our way of getting our name in front of the business school. We estimated that 300 cups of coffee were given away during that week. Friday evening of coffee week, we held our rush. The turnout surprised even us! Everyone who showed an interest at the smoker was invited to our rush picnic the following Saturday. At the picnic we played football, soccer and volleyball. We, of course, had hamburgers, and chips, and everything else you have at a picnic. From all these rush activities we installed 12 pledges. We initiated 10 of these men. This was, without a doubt, the best semester for rush activities ever.

We did not concentrate solely on our rush. Every year Duquesne University holds a carnival. This year, for the first time, we set up a booth. We sold marriage certificates, Duquesne University diplomas and helium balloons. Brother Duck and his girl, Reggie, dressed as clowns and walked up and down the carnival selling the balloons. Everyone involved had a great time and helped make the carnival a big success.

Seven Brothers went to the Regional Meeting in Philadelphia and brought back an award as the Chapter which traveled the farthest to get there. All the Brothers participated in the workshops and came back with some good ideas to help our Chapter become better.

In closing, we would like to congratulate Brother Hugh Deithorn and his wife, Betty, on the birth of their daughter, Kimberly Ann, and to wish the other chapters a successful year.—DENNIS KELLY

LOYOLA—Chicago

THE PLEDGE CLASSES of fraternities at Loyola University were all below their normal sizes this past fall. Our fall pledge class may have lacked in quantity but surely not in quality. One of the class projects given to them by our Vice President of Pledge Education Stan Boychuck was to construct a new bulletin board for our fraternity table in Loyola's Student Union. The class came up with an eight foot board that is clearly the standout of the whole union. President Len Carmichael led the Brotherhood in congratulating Bob Spiro, Ken Mannen, and Mike Masewich upon their initiation into Delta Sigma Pi on December 3, 1972. A week later, a dinner dance was held in their honor at the Lincolnwood Hvatt House with the Brothers and many alumni in attendance.

Prospects for next semester are looking good and it is our hope that we can get a pledge class with the quality of our last one.—GARY PEARSON

LA SALLE

EPSILON SIGMA CHAPTER at La Salle College during the fall term initiated 12 new Brothers of which none were freshmen. Our spring rush program, therefore, was planned to bring in members of the freshman class and during the semester break President Rubisch and Senior Vice President Connors sent out personal letters to the business majors of the freshman class. The letters and a good rush week proved successful and our chapter is now looking forward to a continuing successful long life at La Salle.

The professional program conducted by our new Vice President for Professional Activities, Brother Edward Sullivan, has had various speakers this semester and there is a tour of the Franklin Mint planned, which should prove to be a very interesting and informative trip.

The biggest event of the school year, our dinner dance, is being put together by Brother Forant and several alumni members. Since it is our chapter's tenth anniversary, special plans are being made and it should prove to be the best dinner dance in the ten years of our chapter.

I would like to mention our new officers who took office at the beginning of our spring term. They are: Dennis Rubisch, president; Mark Connors, senior vice president; John Woods, vice president of pledge education; Edward Sullivan, vice president of professional activities; John Considine, secretary; Joseph Baker, treasurer; John Gorrahan, Chapter Efficiency Index chairman; William Johnston, historian; and James Gallagher, chancellor.—MIKE SMITH

PENNSYLVANIA STATE

ALPHA GAMMA CHAPTER at The Pennsylvania State University started its winter term with an intensive rush program designed to instill interest into the students of the College of Business Administration and to help our chapter maintain its active participation in campus affairs. The College of Business Administration will move out of Boucke Building into a new home in March. Alpha Gamma Chapter will maintain an office in the new building. Two temporary officers were appointed to fill positions vacated by Brothers who are participating in the accounting internship program during winter term. Rodger Hiser took over the treasurer's position and Lew Bachman was named to the historian's post.

Professional activities included a talk on automobile dealerships by Gene Stocker and a presentation by a member of the Pennsylvania Liquor Control Board. Especially interesting was a talk by Penn State football coach Joe Paterno.

Our intramural basketball team did well in league competition and plans are being made for another championship softball team in the spring. Several members of the chapter celebrated New Year's Eve in style as they attended the Sugar Bowl in New Orleans. A raffle and several movies were mentioned as possible fund raising projects for this term. Preparations are being made for a spring banquet and cabin party.—ADAM J. MYERS

EASTERN NEW MEXICO

EPSILON ETA CHAPTER proudly initiated the Omega pledge class consisting of 18 new Brothers. The initiation, followed by a banquet and dance, took place December 2, and were tremendous successes.

As the pledge class project, they installed central heating and air conditioning in our chapter house. The initial cost of installation was \$750.

Omega pledge class presented to our chapter a beautiful replica of the coat of arms as their pledge class paddle. They presented the best member award to Brother George Bell, who fulfills the specifications very appropriately. Brother Steve Connelly was presented the best pledge pin and was well deserving of the honor.

Our 18 new Brothers are: Jim Orozco, Newton Martin, Edmund Jimenez, Jim Foster, Gerald Faulkner, Richard Dieterich, Carleton Chimal, Peter Baca, Alex Alvarez, George Andrews, Darrel Beasley, Steven Connelly, John Farmer, Louis Fiorella, Henry Jaramillo, Jim Loundenburg, Don Mayberry, and Joseph Ortega. Epsilon Eta Chapter is looking forward to a very prosperous spring semester with the potential of the above mentioned Brothers.

We concluded our fall semester's professional program by having as a guest speaker Brother Carlos Cunningham, who spoke on the subject of "What Delta Sigma Pi Has Meant All These Years." His appearance was significant because of the fact that he was our chapter's first president and carries with him Epsilon Eta Number One. This all took place 12 years ago on November 22, 1960, the day of our chapter's founding. This was truly a profitable semester.—BRUCE D. CAMERON

THE BROTHERS OF Delta Phi Chapter at East Texas State University have filled the first half of the spring semester with an active schedule. We find it hard to believe that only a couple of months lie ahead before the sum. mer season is upon us. In fulfilling one of the basic principles for which the fraternity was founded, that concerning the association with the commercial world, Delta Phi Chapter has made several visits to business firms in the Northeast Texas vicinity. Our first tour was of the General Cable company of Bonham, Texas. In early February we were guests of the Dr. Pepper plant in Dallas where we were in. structed as to the methods and problems present in the bottling and distribution of a soft drink. Later in that same month, we toured the Federal Reserve Bank of Dallas For the remainder of this year we have plan. ned at least two tours. The first will be repeat visit of the Texas Bank in Dallas where we, as guests, were so kindly received last year. To conclude our business tours we will either take a trip to the Lone Star Cement Company near Gilmer, Texas or we will jour. ney to Houston to tour the Busch Brewery. In fulfilling our social activities, our chapter held the annual "Rose" Ball on February 17, at the Rose Room of the Adolphus Hotel in Dallas, We are also beginning to make plans for our spring outing which will be in early May at Lake Texoma in North Texas.

The Brothers of Delta Phi Chapter hope all of you are having a prosperous year and we wish everyone a successful completion of the spring semester.—MICHAEL F. STRICKER

SAN FRANCISCO MAYOR Joseph Alioto is shown here during a recent address before nearly 300 students and business people which was sponsored by Delta Omicron Chapter at California State University at San Francisco.

ST. EDWARD'S

THETA OMEGA CHAPTER at St. Edward's University is alive and well. We've established ourselves as a strong chapter already with the announcement that we ranked first in the December Performance Index.

Congratulations are in order for Brothers Skip Wilson who has become interim Vice President of Professional Activities, and Brothers Kevin Burns and Mike Pavlik who have filled the positions of Senior Vice President and Historian respectively. These positions were vacated by Fall term graduating seniors. New elections, bringing in a whole new administration, are to be held in late April or early May.

Theta Omega Chapter is laying plans for its pledge initiation banquet and celebration of our chapter birthday on May 7. We have been busy this semester with our professional program and sports program. One firm which was of particular interest to the Brothers was John Roberts, Inc., who is experimenting with a four day work week. The Austin based firm manufactures school rings, diplomas, announcement cards, etc.

Our basketball team proved to be stiff competition for the rest of the school and now we're moving into the softball season.

It has been a productive semester thus far, and already we are planning for representatives to attend the 29th Grand Chapter Congress at Wentworth by the Sea on August 27-31.

CALIFORNIA STATE—Sacramento

EPSILON PHI CHAPTER, at California State University—Sacramento, proudly welcomes 17 new Brothers into the fraternity following their initiation on December 9. They are Bill Arthur, Gregg Davenport, Wally Dunning, Barry Frazier, Jerry Gray, Bob Gregory, Joe Holesapple, John Korach, Don Larsen, Gene Madonna, Bill Markell, Mike Medlin, Wayne Moore, Ed Pryor, Harold Splain, Jacob Vendriger, and Kevin Wilson. Wayne Moore was selected as Outstanding Pledge for the semester.

A tour of Teichert Construction Company was conducted by Teichert officials, who were very helpful in answering the Brothers' questions about the operation of the company and the problems of management.—MICHAEL DAWSON

CALIFORNIA STATE—San Francisco

THE YEAR OF 1972-73 has been a great success for our chapter. This year was highlighted by the presentation of Mayor Joseph Alioto speaking on the involvement of business in the moral environment of the community. The event was held at Firemans Fund Auditorium with a seating capacity of 300 people which was almost filled. After a brief introductory speech of one hour, the Mayor had a question and answer period that proved to be most enlightening to everyone present. Mayor Alioto said, "A student's job is to get educated and not to get involved in the business of the community. After he is educated and out of the college environment he should partake in the business en-vironment." The above statement by Mayor Alioto paved the way for a very good and interesting discussion by all who attended.

The participation of our 22 new Brothers in our service projects was most rewarding. Brotherly help is of the utmost importance in any successful fraternity program. The fraternity has helped the university in blood drives, orientation, registration and many other areas. We have also helped the community in providing relief to the American Indians. Of course, we are not all work and no play.

This year our social chairman has done a fantastic feat in providing an exciting variety of social events. His planning and organization and the cooperation of the Brothers has made the events for the first months of '73 a tremendous success.

As a fraternity truly united we are looking forward to a successful year ahead.

CALIFORNIA STATE-Chico

EPSILON THETA CHAPTER at California State University—Chico wishes to congratulate the twelve new Brothers who were initiated on December 2, 1972. The new Brothers were given an initiation dinner dance.

We would like to say farewell to Tina Letellier, our "Rose" for the past year. We are sorry to see Tina leave and we hope she does well in her new job.

Epsilon Theta Chapter held a party for the "Rose" candidates on December 9, 1972, at which everyone had a good time. The following Sunday a "Rose" tea was held for the prospective "Roses." Voting was held shortly afterward and the three pretty finalists were Jean Stripeika, Marci Weeks and Debbie Currier.

One of the first events that the new Brothers took part in was the annual Christmas dinner. This dinner was given for the needy children of our area. Many children came and were delighted by seeing Santa Claus come on a firetruck. All the children received presents from Epsilon Theta Chapter. We hope they will remember this Christmas party.

On January 13 our Chapter held its senior farewell and faculty recognition dinner dance. The parents of graduating seniors were invited to the occasion. They enjoyed seeing their sons receive a plaque and saying a few words about being a Deltasig.

We would like to congratulate the outgoing officers who did a good job this semester. They are: Bob Biasotti, president; Sonny Mitchell, senior vice president; Rupe McDowell, vice president of pledge education; Gary Green, vice president for professional activities; Dennis Gravelle, secretary; Cal Johnson, treasurer; Bill Morris, chancellor; Bob Hart, Chapter Efficiency Index chairman; and Gary Leong, historian.—GARY G. LEONG & BRIAN Cox

LOYOLA—Los Angeles

DELTA SIGMA CHAPTER at Loyola University of Los Angeles is known for its many financial projects which benefit the student body, provide sufficient income to the chapter so that membership dues are only \$5 per quarter, and offer the chapter members valuable business experience.

The Loyola-Marymount Used Book Store will pass \$3,000 in gross sales for the Winter Term of 1973—not bad for a store that is open only the first two weeks of each school term. We take students' books on consignment and sell them at a fixed percentage of the list price. Our chapter keeps 20% for our service as "middleman". The Used Book Store goes on the school's computer for the first time this term to facilitate more efficient service when we mail out checks to students and also to provide valuable experience to the undergraduate members.

The Delta Sigma Pi Student Discount Book has profited our chapter over \$1,000. Part of the profits were used to rebate the initiation fee to our pledge class of the Spring of 1972. The Coupon Book offers students of Loyola-Marymount over \$100 in discounts on dining, apparel, recreation, jewelry, sporting goods, and other purchases (30 coupons in all) for only 50c. The merchants who subscribe to the Coupon Book pay a fee of \$20.

Delta Sigma Chapter continues to operate the soft drink vending machines on campus, a project which profits about \$1,000 annually.

The Delta Sigma Pi Discount Record and Tape Service opened this past school term and shows much promise as a going concern. Students may purchase records and tapes at discount prices right on campus. We are proud of our store policy of being able to obtain anything recorded in only 24 hours.

Before this past Thanksgiving, Delta Sigma Chapter sponsored a live turkey raffle and raised over \$60 for the Rick Yeargin Fund. The 28-pound caged bird was kept on display on the campus mall and served to greatly publicize our fraternity.

On January 10, 1973, Delta Sigma Chapter will tape a segment of the Truth or Consequences television series. The writers of the show have prepared a skit for us to perform after reviewing descriptions of all our undergraduate members. We are promised two major appliances for our appearances which we will sell through a newspaper ad.

Coupled with our fine schedule of professional business functions, Delta Sigma Chapter shows itself to be truly a professional business administration fraternity.

WAYNE STATE—Nebraska

ETA PI CHAPTER at Wayne State College just concluded a successful tour of Kansas City, Missouri. We visited six industries where we had the opportunity to talk to individuals in the fields of management, personnel, and sales. We were informed of the job opportunities available in these areas of business. The tour included General Motors, Farmland Industries, Federal Bureau of Investigation, Board of Trade, and Bronson Optics. The two day tour was very worthwhile for the Brothers of Eta Pi Chapter.

New Officers were elected for the term. They are Dean Skokan, president; Kurt Fletcher, senior vice president; Ivan Craft, vice president of professional activities; Bob Courtney, vice president of pledge education; Glenn Stapleton, secretary; Lee Trautwein, treasurer; Larry Klintworth, chancellor; Doug Livermore, social chairman; Merlin Thompson, historian; W. A. Wollenhaupt, Ken Halsey, and Terry McLain, advisors. These men are heading the chapter for another 100,000 points in the Chapter Efficiency Index for the fourth year since our chapter was founded in the spring of 1969.

For the second time in a row our chapter has been honored to receive the Undergraduate of the Year award for the North Central Region for one of our members. Maurice Grotjohn, a past president of Eta Pi Chapter, received the award and we are proud of his achievements and wish him continued success.—JOHN BRIGGS

LOUISIANA STATE-Baton Rouge

BETA ZETA CHAPTER is in the midst of a very busy spring semester here at Louisiana State. Football season may have ended in December but there's still a lot going on around here. Our yearly "Rose" formal is on everyone's mind these days as plans take shape for the gala event.

Also occupying the Brothers' attention is the LSU Jambalaya Jamboree, our yearly campus "cajun" festival with good food and good music. We are relying heavily on our energetic spring pledge class for assistance in these activities.

A well planned professional program for the spring term has gained and kept the interest of the Brothers and friends through a series of enjoyable and enlightening programs.

The Brothers are convinced that the spring semester of 1973 will be a profitable and, as always, an enjoyable one.—DAVID J. BOURG

WISCONSIN—LaCrosse

ETA RHO CHAPTER at the University of Wisconsin-LaCrosse started its second semester on January 15 under the leadership of its newly elected officers. They are: Wayne Smorstad, president; Jim Arcuri, senior vice president; Ritchie Sayner, vice president of pledge education; Bill McDonnell, vice president of professional activities; Alan Read, chancellor; Paul Erickson, secretary; Bill Dreher, treasurer; and Robert Allan, historian. Also elected as chapter advisors were: Dr. William Pollman and Alan Wehrenberg who recently graduated. Having a faculty and alumni Brother as advisors has given the chapter an added informative advantage.

The activities of the chapter began with a rush that was held January 25. An interview seminar was held January 28, giving students an opportunity to meet with men in the business world. The chapter worked voluntarily on a project for Mr. John Cordes who is affiliated with business development in the area. The project consisted of gathering information from business institutions which would be used for analytic purposes in deciding whether businesses would enter the community. Other activities that surrounded the chapter were speakers, tours, social gatherings, and a successful program of intranurals.

We, the Brothers of Eta Rho Chapter, feel we have achieved our objectives in maintaining a schedule of many rewarding activities. We also hope that other chapters have attained their goals, and that together we can all contribute to Delta Sigma Pi.—DOUGLAS L. JOHNSON

WISCONSIN—Whitewater

THETA XI CHAPTER has just finished a successful but comparatively slow Fall semester. This can be attributed to the great deal of planning which has been done to make the Spring semester the best we've ever had. Dave Morgenstern, Vice President of Professional Activities, has come up with some interesting and exciting field trips and guest speakers. The Brothers are working hard on what looks to be a very fine Spring rush program. In May we shall be losing close to 50 percent of our chapter through graduation and shall be in need of new blood. It is our fortune to be receiving a great deal of help from Chapter Advisor George Pulsford and Senior Advisor Dr. C. A. Black.

Congratulations must go to the Brothers of Eta Rho Chapter who won for the first time the annual football game. This loss by Theta Xi Chapter certainly gives the Brothers something to look forward to next year.

The "Rose" formal is normally an event which caps the end of the first semester, but this year it was more of a stepping stone into the second. This can be attributed to the attendance of many of our alumni as well as the great honor of having our Grand President with us. The interest in Theta Xi Chapter shown by these people is greatly appreciated and this appreciation can be measured by our success in the second semester.

In each chapter there is usually one Brother who has a tendency to do everything at once. Well, ours is Douglas S. Robertson who, in a period of two weeks, graduated with a degree in management—a feat in itself—became engaged to our eternal "Rose", Miss Patricia Sharrow, and became Personnel Manager for one of the fastest growing foundries in the state. Our heartiest congratulations to Doug and Pat.—RANDY S. NELSON

TEXAS TECH

WE BROTHERS OF Beta Upsilon Chapter at Texas Tech University wasted no time during or after the holidays in organizing and implementing our rush program for the spring semester. During the holidays, prospective rushees were sent introductory letters concerning the general purpose, nature, and background of Delta Sigma Pi and of Beta Upsilon Chapter, followed by invitations to our series of rush parties and "smokers" with the first one scheduled on January 20 and others which continued into early February.

In addition to implementing our spring rush program and pledge class, other January and February events included our initiation ceremony and banquet honoring our new Brothers from the fall pledge class, a trip to El Paso, Texas, for many of our Brothers to back our Texas Tech Red Raiders in the Sun Bowl Classic and for a swinging New Year's Eve party, and the fielding of our tough intramural basketball team under the direction of Brothers Ken White and Mark Piercy which has been working hard to take the Greek and All-University title. We also had a Deltasig—Business Administration faculty social at our lodge.

Preparations for our annual "Rose" formal began in February with all Brothers looking forward to another night in formal attire. The most difficult problem with this activity is choosing a "Rose" queen from the beautiful Princesses whom we elect monthly. In honor of each princess, we run her picture in the Tech student newspaper.

All in all, it looks like full steam ahead for Beta Upsilon Chapter for spring 1973.—JOHN N. BILODEAU

INDIANA NORTHWEST

THE THETA PSI CHAPTER of Delta Sigma Pi at Indiana University Northwest is proud to announce the initiation of 19 new Brothers on December 2, 1972. These new Brothers, The Gamma Pledge Class, have demonstrated by their hard work and their brotherhood that they will be of much help in preserving the reality of Delta Sigma Pi.

As a pledge project the Gamma Pledge Class held a raffle from which approximately \$600 was collected. Of this amount \$400 was sent to our brother in Texas stricken with cancer, and \$150 was sent to the Lake County Library facility for the Blind toward the purchase of a recorder. The remainder of the \$600 was donated to the chapter as a gift from the Gamma Pledge Class.

As we welcome our new brothers we must also say goodbye to some of our old Brothers. As a commuter campus our Brothers come and go with each semester. This semester has graduated many of our Charter Members, as well as members of both the Alpha and Beta pledge classes. This is the charge we give to the Gamma pledge class: to maintain the unity of the chapter, the goals of the fraternal organization and the ideology of brotherhood. We have confidence in our new Brothers and are certain they will fill the shoes left vacant

Back to business, our C.E.I. chairman has at this time, requested 60,000 points and is confident of their approval. The outlook for professional programs and activities is also promising with a visit to the Playboy building and appearances from professional athletes We also have dances planned to raise funds for the many organizations that we hope to contribute to.—JAMES R. FELTON

FLORIDA SOUTHERN

UNDER THE LEADERSHIP of President Ed Morris and with the enthusiastic participation of all members and pledges, Delta Iota Chapter completed the Fall semester at Florida Southern College with its greatest start in years.

Sixteen new members were initiated in December: Roger Cole, Mike Dunn, Glenn Ellis, Chip Few, Bruce Graham, John Henderson, John Hess, Rick Heuser, Matt Masem, Joey Morrow, Steve Moschetti, Jay Pyle, Bruce Rogers, Jerry Spencer, Dave Stout, and Carl Troiano. Our congratulations to these new initiates, who were an outstanding pledge class. The chapter is just two new initiates short of meeting our quota for the year, and is looking forward to another large, outstanding pledge class in the Spring semester.

Our business office in Edge Hall has been a beehive of activity, and our regular and professional meetings were well attended. Several parties have added some fun for members and pledges.

All 33 Deltasigs at Florida Southern are looking forward to continued success and growth during 1973.—KIM CLAY

WISCONSIN—Madison

PSI CHAPTER at the University of Wisconsin wishes to thank all those Brothers who attended our 50th Anniversary on February 10. We would also like to give our special thanks to all the Chapter's Alumni and undergraduate Brothers who made this event possible and so successful.

Presently underway is a fund drive for the chapter's house. Time and the cost of living have taken their toll. Renovations, repairs, and some new replacements are needed to keep the house in its usual top condition.

We congratulate those pledges who were initiated January 14. These new members have shown that they can and will meet the challenges that await them and the Fraternity.

Brother Mike Leisz is the chapter's president for this semester, replacing the now graduated Mike Janssen. Pledging is off to a good start and we hope to have another great class.

The professional speakers have helped us under their guidance, to understand better the world we live in. The suppers again seem to be quite successful. And on the sports scene, our hockey and basketball teams are again a dominant factor on the campus scene.—MARH AMBELANG

NORTHERN ILLINOIS

ETA MU CHAPTER is finding itself at the peak of activity these days. Our major concern right now is the Pinto Project for Youthmark and Ford, which consists of a survey done as we see fit. The finished report is due next month so we are in the midst of putting on the finishing touches. This could prove to be a fund-raising project for us, too, in that the best seventeen projects of the one hundred entries will receive cash grants. Also on our fundraising agenda is the renewal of our campus deskpad publication. We are now in the process of contacting the advertisers to renew their ads, and contacting new prospects to take ads for next year's pad.

Professionally, it has been quite a busy and productive semester so far. We have heard from the president of the Coleman Corporation, a representative from the Japanese Board of Trade, and District Director Bob Kleeman is opening the channels for us to tour his company, Barber Greene. Also coming up is our annual alumni panel, where alumni from all phases of business, from teaching to brokerage, come out to the campus to give us a little insight as to what is happening in the job market, and what we can expect to find once we get there.

Belated congratulations to our second semester vice president, Tony Novak, who has his hands full now with an excellent pledge class due to a successful rush, and to Glenn Cooper for being selected as our Undergraduate of the Year candidate.

Socially, we are planning to hold another regional basketball tournament, which proved to be a good time for Eta Mu Chapter as well as all other chapters in attendance here in DeKalb.—LAWRENCE BLECKA

RIDER

THE PAST FALL semester has been one of great productivity and success for the Beta Xi Chapter. Our membership was boosted by the initiation of 12 new Brothers, as well as two faculty Brothers, who will be of great benefit in the future. The professional program was quite satisfactory last semester with several of our speakers sponsored jointly by Deltasig and Phi Chi Theta (the corresponding business fraternity for women at Rider).

At the end of 1972 we were left in a very favorable financial position, due to the success of our fund-raising activities. Our major fundraising project was selling hotdogs in the dorms one night a week. This was done again during the outdoor carnival for Homecoming Weekend. We are continuing this, along with several other ideas for fund-raising this semester.

Beta Xi Chapter, in fulfilling its social responsibility to the community, arranged a project in which the Brothers and pledges gave up an evening and went to a nearby nursing home to entertain the patients with a bingo game, singing, and refreshments. The patients were so delighted that we'll probably be invited back this semester.

Our social calendar was quite well organized last semester, and included such events as our annual Halloween party; a wine and cheese party which served as a rush function; and our initiation dinner-dance. Founders' Day was celebrated with a dinner and speeches by several faculty and administration members who are Brothers, including our college president.

We're quite sure that this present semester will be even more prosperous than our last. Many fine activities are planned, including several tours, one of which will be at Squibb's World Headquarters, located a few miles from the campus. Our well-rounded rush program will ensure a good sized pledge class, and with the continuation of the energy and spirit displayed last fall, Beta Xi Chapter will have another highly successful semester, and achieve a high position in the Chapter Efficiency Index as well.—KEN SZYMONA

RUTGERS—Beta Rho

BETA RHO CHAPTER at Rutgers University recently concluded a survey of graduate school programs for the University College business majors. The survey was published in the Nightwatch and the Brothers received a good response from the undergraduates. Beta Rho Chapter held their annual Christmas Dinner Party at the Coronet Catering Hall in Irvington, New Jersey. We had a good turnout of the Brothers and their wives, and many of the friends of the chapter; all had an enjoyable time. Brother M. John Marko, past Grand President and "Deltasig of the Year 1972", was our honored guest.

Our recent professional meetings have been well received by the Brothers. Mr. Roger Garrison gave a very interesting talk on a new idea in franchising; the concept of the Lease-A-Plane corporation was very educational to many of the Brothers. Mr. Bruce Boldrini, an instructor at University College, spoke on a subject that all the Brothers have an interest in. The discussion on the legal liabilities of the Certified Public Accountant brought to light some of the problems the Brothers may find in the business world. On January 13, 1973, the Brothers were glad to accept eight new Brothers into Beta Rho Chapter. The initiation with a dinner afterwards was held at the Coronet and we are sure that the new Brothers will carry on the Delta Sigma Pi traditions .- WILLIAM E. METTS

MICHIGAN STATE

THE BROTHERS OF Gamma Kappa Chapter are proud to welcome their new Brothers: Nate Carr, Bruce DeJong, JanJob Maats, and Ron Ronat. Brother Maats is a senior from the Netherlands, majoring in marketing. We are looking forward to a busy year, with great expectations of our new members.

Fall term kept everyone busy. Mr. Edwin Fitzpatrick from the Michigan State Placement Bureau and Mr. George Logan from the Center for Urban Affairs were our guest speakers. In addition to the rush party, a costume party to celebrate the chapter's birthday, Founders' Day, and Halloween was held at the Chisolm Hills Country Club. A two day visit by Chapter Consultant John D. Richardson also highlighted the term and brought the chapter new ideas and directions to follow. The annual Christmas party for underprivileged children was again a big success. And to bring the term to a close, a large buffet dinner (catered by our own "gourmet chefs" Brothers Mark Rossman and Mike Hrydziuszko) was given by the chapter in honor of our fall and winter term graduates.

Our calendar for the start of 1973 includes numerous activities. Tours to Kellogg's of Battle Creek and Hiram Walker's are in the final planning stages. Speakers are being contacted in the accounting and computer fields. A "Rose" tea for selection of a chapter "Rose" queen is tentatively scheduled. Intensive efforts are also being concentrated on rushing and pledging activities so as to interest as many business majors as possible with Delta Sigma Pi on the Michigan State campus. Hopefully, we will carry on the spirit and ideals of the fraternity through a successful year. If you are ever in the area, be sure to stop in at the chapter house.-MICHAEL G. HRYDZIUSZKO

DETROIT—Gamma Rho

GAMMA RHO CHAPTER at the University of Detroit will be celebrating the annual "Rose" dinner dance this year at one of Detroit's more famous night spots, The Upper Deck of the famed Roostertail Restaurant overlooking the Detroit River. This celebration will be held Saturday night, March 10. Gamma Rho Chpater has worked with the Greater Detroit Alumni Club in assuring that a record turn-out will be achieved.

On Friday, March 30, Gamma Rho Chapter will hold its Help Night for this semester. At this function the Brothers who haven't already had a chance to talk to the individual pledges will have an excellent opportunity to do so. In turn, the Pledge Class will put on a humorous skit for the attending Brotherhood. The Pledge Class felt that since mid-term exams have just passed, this would be just the right time for a bit of humor.

At the time of this writing, senior class elections were just getting under way. By now the results of that election are history. To those Deltasigs who will be holding an office next year: "Congratulations from the Brothers of Gamma Rho Chapter." To those Brothers who lost in the elections, we can only assure you that we shall try doubly hard next year to elect Deltasigs to senior class offices.—JOHN STACHOWSKI

HOUSTON

ETA PSI CHAPTER of the University of Houston welcomes its new dean, Dr. Jones, formerly with the Humble Oil Corp., to the College of Business Administration. We are very grateful to Dr. Roger Singleton for the support he gave us while serving as Acting Dean until Dr. Jones' arrival.

Dr. Jones' practical experience will be to our benefit as we strive for closer affiliation with the business world. Help in this effort has also been received from the Kiwanis Club of Houston. They have also provided us with several speakers for our professional program.

We hope these activities will help us as we work to rebuild our membership after the graduation of a number of our Brothers.—TIM MAY

AUBURN

BETA LAMBDA CHAPTER of Auburn University completed a successful fall quarter, and set its sights for an even better winter. Highlights of the quarter just concluded were the two professional meetings which featured excellent speakers and the initiation of 10 new members into the fraternity. The speaker at the first professional meeting was Mr. Scott Farley who is the director of Auburn University's Placement Office. His speech concerned job opportunities in our region. Mr. Brantley Kemp, a stockbroker from Atlanta, addressed the chapter's second meeting, and discussed the nature of his work and the opportunities it presented.

Our chapter was fortunate to have two outstanding Brothers represent us at important functions. Augustine Yeung went to Tampa, Florida, to represent Beta Lambda Chapter at the Regional Meeting. He brought back information and suggestions which should be very helpful to our chapter. Chris Joseph, the president of our chapter, was chosen to represent the Southeast Region at the NAM Convention in New York on December 7 and 8.

We extend our sincere best wishes to all our Brothers of other chapters, and invite you to visit us here at Auburn whenever you can.—JIM MCGOWEN

BOWLING GREEN STATE

THETA PI CHAPTER at Bowling Green is currently laying the groundwork for what we hope to be our most successful rush ever. We are currently 38 Brothers strong and are aiming to swell our membership with young men receptive to the goals and ideals of Delta Sigma Pi. Many Brothers have volunteered to man our recruiting table in our brand new College of Business building to facilitate interaction between the Brothers and fellow students of business. We feel this policy will be consistent with our upcoming pledge program.

We're also planning to conduct two industrial tours in the weeks to come in addition to hosting speakers for our professional program.—STEVE PAAL

PITTSBURGH

LAMBDA CHAPTER at the University of Pittsburgh held its initiation ceremonies on December 2, 1972 at the Cathedral of Learning. Lambda Chapter welcomes its new brothers: Randy Fowler, Rick Hunt, Leonard Jozwiak, Art Nagy, Mark Sever, Richard Sherder, Jack Thomas and Les Townsend.

On Saturday, December 11, Lambda Chapter sponsored a tour of the Allegheny County Airport for the underprivileged children of the North Braddock School District. Brothers Jerry Churba and Clem Blazewick headed up the festivities that ended up at the University of Pittsburgh where a Christmas party was held. Presents were distributed and all the children took their turn trying to break open the swinging pinyata. It was a worthy cause enjoyed by all.

Pittsburgh's undergraduates and alumni celebrated the 65th anniversary of the founding of Delta Sigma Pi. The group of Brothers

and wives present numbered just under 100. A fine meal was enjoyed at Brother Frank Gustine's Holiday Inn in Greentree. After dinner Brother Herb Finney expounded on the history of the fraternity and the reasons for its birth. Brother Rudy Tarabeck, president of the Pittsburgh Alumni Club, officially welcomed recent graduates Ed Geiger and Fred Fulmer into the Alumni Club. Shortly thereafter, Rudy was surprised to find that he was the chosen recipient of Lambda Chapter's annual award for service to the fraternity. Rudy was caught completely unaware as he was awarded a gold watch and a sincere expression of gratitude for many jobs well done throughout the seven years he has been a Brother of Delta Sigma Pi. Brother Tarabeck is just another example of the high caliber of individuals found in our Brotherhood .- WILLIAM R. SCHROEDER

CREIGHTON

BETA THETA CHAPTER at Creighton University has ended a very successful first semester. The semester was one of the most interesting and rewarding ever. Some of the highlights include initiating nine upperclassmen into our brotherhood, winning the all-university intramural football championship, having a very successful social program topped by a fantastic Christmas party, and enjoying a fine list of quality speakers.

The intramural all-university football championship was one of the outstanding events of the semester. For the third straight year, we faced the Dents in the championship game on December 3. With a greatly improved defense led by Captain Skip Gode and the dazzling play of John Sweeney and Doug Steffensmeier, the team prevailed 15-7 in a come from behind victory. Also on the sports scene, Beta Theta Chapter's basketball team is getting off to a good start and expects to have a winning season.

Vice President for Professional Activities Tom Pflanz has arranged a wide variety of events for second semester. We are looking forward to tours of the Falstaff Brewery and Western Electric, another good program of speakers, and a bus trip to the Creighton vs. Air Force basketball game.

With the spring semester's social and pledging activities being planned, we hope to keep up with the same quality to which we Brothers at Beta Theta Chapter are accustomed. Under the leadership of our highly efficient Chapter Efficiency Index Chairman Stephen Boggy, we are working diligently to attain our goal of nothing less than 100,000 points.—RICHARD R. CIMPL

OHIO U.

ALPHA OMICRON CHAPTER at Ohio University is proud to announce the initiation of seven pledges who are Gary Davis, Bruce Ekin, John Hanlon, Jim Huth, Jim Kacsmar, Mike Smith, and Steve Smith. We also selected a faculty initiate from the faculty of the School of Business. A banquet was held following the initiation ceremony. We plan to have an even greater number of pledges to work toward initiation during the upcoming quarter by increasing our rushing activities.

Our "Rose" of Deltasig Dance was enjoyed by all. It was held at a ski resort near Cleveland, Ohio, and we were able to combine a great day of winter sports with a fine night of festivities. We selected our "Rose" of Deltasig a bit differently this year, by nominating and electing all the women in attendance and presenting each with a rose.

We are well on schedule in attaining 100,000 points in the Chapter Efficiency Index. We have been able to do this by a few overnight tours and several guest speakers at our meetings. We have set up a special fund raising project with the help of Bestline cleaning products to raise money for The Central Office building debt. This entails every member selling a few bottles of Zif to raise two hundred dollars.

I would like to wish the very best of luck to Dave Olney who graduated and Jim Huth who is leaving the main campus. I would like to thank them for the active roles they have led in the chapter.—ROBERT B. SUVER

PICTURED HERE are some of the many alumni and undergraduates and their wives who attended the Founders' Day banquet in Pittsburgh by Lambda Chapter at the University of Pittsburgh and the Pittsburgh Alumni Club.

LOUISIANA TECH

BETA PSI CHAPTER, as always, had another active quarter, filled with field trips, service projects, and social activities.

Our president, Brother Rufus Estis, attended the NAM Convention in New York City in December. The honor came as a result of his guiding Beta Psi Chapter to the only Honor Roll position in our region.

While Brother Estis was in New York, twenty other Brothers attended a field trip to Dallas. Tours included the Federal Reserve Bank of Dallas, General Motors, Southland Life Insurance, Neiman-Marcus, and University Computers. The tours and "extracurricular" activities were under the direction of Senior Vice President Kip Othold.

Just preceding LTU's Christmas holidays, Beta Psi Chapter gave a special party for the children of the Ruston State School. The youngsters living at the complex for slow learners always look forward to this annual event. Special kudos go to Brothers Richard Harvey and Danny Almond, who played Santa Claus for two groups of youngsters.

The next important event on our calendar was election of officers, slated for February. With our year of service as officers over, it only serves to remind us of the goals we have attained and those yet to be reached. We can offer this small bit of advice to our future officers everywhere: "Set your goals higher than you think you can attain; for then, the taste of their success is a little sweeter."—R. ALAN FERRINGTON

SAN FRANCISCO

GAMMA OMICRON CHAPTER at the University of San Francisco held a Christmas party for the needy children at Shriner's Hospital. The Brothers arranged several skits for the children to enjoy. The children loved the Christmas decorated cupcakes and cookies. The smiles on the children's faces made the day more than worthwhile. It was a day the Brothers will long remember.

Gamma Omicron Chapter is about to start pledging for the second semester. The rushing activites were highlighted by a dinner and professional activity for the rushees. The Brothers believe the new rushees will make excellent pledges. We see the prospective pledges as a group with plenty of spirit.

The Brothers are showing their athletic ability by participating in the intramural basketball tournament. Also, some of the Brothers are starting to get ready for the upcoming intramural softball league.—JOHN T. MCHUGH

TULSA

BETA CHI CHAPTER at the University of Tulsa had a most successful first half for this academic year. With the addition of our new Brothers from the first semester pledge class we are confident that the second half of the year will be even more successful.

In retrospect, the presence of Gamma Epsilon Chapter at the first semester initiation and banquet made for the opportunity to renew old acquaintances and meet many new Brothers. Without question, the professional speaker at our December meeting was the most interesting we have encountered in many semesters. Mr. A. P. "Al" Brooks, manager of corporate security for the Shell Oil Company, flew to Tulsa from Shell's Houston headquarters to address the chapter on the enormous effect of "white collar" crime on America's industrial complex.

Plans are being finalized for Business Week at Tulsa University to be held in April. Beta Chi Chapter and the National Association of Manufacturers will participate in a studentindustry seminar for the benefit of both students and the general public. Speakers who have accepted to participate are Mr. William J. Cecka, Jr., president of the Tulsa Division of North American-Rockwell Corp.; Mr. Ernest B. Miller, Jr., president of the Skelly Oil Company; and a member of the NAM's banking industry sector will also participate.—FRANK E. PRESFIELD

MCNEESE STATE

ETA TAU CHAPTER of McNeese State University has been selling the university calendars since the start of the spring semester. According to Allen Burns, president, the calendars were sold at registration and will continue to be sold throughout the semester. The calendars contain a listing of university-related events such as registration dates and sports events. Pictures of campus beauties enhance the calendar's appearance.

The Chapter's "Rose" is selected from the 12 beauties, each of whom represents one month of the year. This year's "Rose" is Myra Wisby of Lake Charles, Louisiana, Miss May.

The Deltasigs elected some new officers for the spring semester. They are: Glen McFarlain, senior vice president; David Morton, vice president of pledge education; Keith Kimmel, vice president of professional activities; Aaron McDonald, secretary; and Joe Fournet, historian.

Eta Tau Chapter is planning professional meetings throughout the semester. One meeting planned is for Mr. Gary Hardesy of Heinhold Commodities in Lake Charles, La., to speak on the brokerage business. The chapter is also planning an industrial tour of the N.A.S.A. complex in Houston, Texas.

In April the fraternity will hold its annual "Rose" Ball, when the Chapter's "Rose" is to be officially honored.—JOE W. FOURNET

OKLAHOMA

BETA EPSILON CHAPTER at the University of Oklahoma has recently added 12 new members in its December initiation ceremonies. Among those initiated were Jim Nobles, John McLaughlin, Bruce Bridwell, Rich Wright, Keith Orr, Lewis Armstrong, Ralph Dean, Dan Meyer, Walt Grayson, Jim Price, Bryan Lyons, and Ron Gill. During a business meeting held a week after initiation, elections were held for those offices being vacated by graduating seniors. The new officers of Beta Epsilon Chapter are: Tony Arias, president; Al Guadagno, senior vice president; Dan Csar, vice president of pledge education; Mike Bell, secretary; and Jim Price, vice president of professional activities. The chapter expressed its appreciation to David Lancaster for the time and hard work he devoted to the chapter as president during the 1972 fall semester.

During the 1973 spring semester, the chapter is organizing its efforts in an attempt to promote membership and professionalism. A program of open rush has been started with two rush periods and two initiations per semester. Hopefully, this will make it easier for students to pledge during the semester. Among the professional activities the chapter has planned are appearances of five professional speakers, two luncheons, and a tour of a local business. In an effort to become more involved in the community, the chapter voted to become a member of the Norman Chamber of Commerce. Brother Coke Waggoner is in charge of establishing relations in Norman and a steering committee has been formed to investigate means of becoming more involved in the community. In order to keep the chapter informed on these and other activities, a bi-monthly newsletter, The Beta-Gram, is being issued.

Beta Epsilon Chapter is facing a problem that has been plaguing other chapters—sex discrimination. The University of Oklahoma Student Association has denied the chapter recognition because of its refusal to permit women as members. Although lack of recognition means a loss of University appropriated funds and facilities, the chapter is still very much alive and functioning.—GENE HENDERSON

SOUTHEASTERN LOUISIANA

ZETA SIGMA CHAPTER at Southeastern Louisiana University had a fall semester which consisted of some trials and tribulations, but counteracted these with many triumphs and successes.

Our professional program was led by Brother David Gendusa who had two very informative speakers in Mr. Moise Block and Mr. Sam Apostle of Wembly, Inc., and Chateau La Moyne Hotel, respectively, both of New Orleans. Several other speakers were scheduled but had last minute cancellations due to various illnesses. For our professional tour we toured the Falstaff Brewery in New Orleans which proved to be quite interesting and informative since several of our Brothers and pledges could speak German quite fluently with our German guide. Later that evening we had a formal gathering at one of New Orleans' finer restaurants. Next semester will prove to be quite successful with a tour to Alabama and many more speakers.

This past semester saw eight men of our School of Business become members of our great fraternity, several of whom are from various other countries which gives our chapter an international flavor. Next semester we will have an all-out effort to double our chapter.

In the latter part of the semester several of our brothers attended a district meeting held at LSU in New Orleans, during which many ideas were exchanged on internal and external improvements of the chapter, many of which we plan to incorporate in the upcoming semester.—TERRELL F. FORD

BALL STATE

EPSILON XI CHAPTER at Ball State University continues to grow in an active program. A very successful winter rush program headed by Dave McIntire brought 17 new initiates into the fraternity.

The professional program of Epsilon Xi Chapter continued its character of variety in offering a broad array of business topics. High points during the past few months have been a panel discussion with Deltasig alumni and speakers from Prudential Life Insurance Company and the Firestone Tire Company.

Two annual events of Epsilon Xi Chapter also generated much enthusiasm within the chapter. The growing popularity of the annual rap session with Dean Robert Bell, discussing policies, programs and the future of the College of Business, was illustrated by an increase in the number of students of business outside the fraternity. The winter dance was held February 3, in beautiful Brown County at the Ramada Inn at Nashville, Indiana.

To Deltasigs everywhere, Epsilon Xi Chapter extends a sincere although belated Happy New Year.

DRAKE

ALPHA IOTA CHAPTER at Drake University has enjoyed a very successful first semester, initiating 11 new Brothers. The professional aspect of the fraternity, with the Fall field trip to Minneapolis and the fine speakers presented throughout the semester accounted for much of this success. On the sports scene, our fall season was crowned with an overwhelming football defeat of the local chapter of Alpha Kappa Psi. Alpha Iota Chapter is now preparing to defend the North Central Region basketball title.

With rush programs planned for January 23 and 30 the Brothers are looking forward to another excellent group of pledges. The chapter and the new pledges will continue working for the 100,000 point mark in the Chapter Efficiency Index.

The high point of the second semester will be our yearly Spring field trip, this year taking us to the Dallas-Fort Worth area in early March. Everyone looks forward to this time when they are able to spend a week together having fun and learning at the same time.

The Brothers of Alpha Iota Chapter would like to wish a continuing successful year to everyone.—JOE H. WEINMAN

ST. CLOUD STATE

THETA TAU CHAPTER at St. Cloud State received a visit from John D. Richardson, Chapter Consultant, at the end of fall quarter. It was a pleasure to meet with John and his suggestions and advice were greatly appreciated by the Brothers.

Plans are now finalized for the Spring trip to Florida which is being sponsored by our chapter. In a few more weeks many of the Brothers will be enjoying their break in sunny Florida.

The professional events, as well as the other activities of this quarter, were accomplished with the help of our members initiated last quarter. Our new members as of last quarter are Dave Brinkman, Doug Jirik, Dave Johnson, Greg Maack, George Rothmeier, Mark Sniezck, and faculty initiate John Calhoun.

Our quarter began with extensive rushing activities and a smoker which proved quite successful. Next on the agenda were speakers covering pertinent subjects of interest to many of the Brothers as well as other students. Our "Rose" dance and dinner was, and rightfully so, our most successful social event of the quarter. Such evenings when alumni gather with the Brothers and their dates create memories not easily forgotten.

As Spring quarter approaches we begin to plan another program which will give us as much growth and development as the past quarter has.—JAMES P. SCHRODEN

WEBER STATE

ETA LAMBDA CHAPTER at Weber State College began their professional activities for the winter quarter with an interesting talk by Brother George Odiorne. Dr. Odiorne is the Dean of the School of Business at the University of Utah. Other guest speakers during the winter quarter included Mr. Gil Moore, General Manager, Thiokol Chemical Corporation.

The Brothers of the chapter toured the Browning Arms Company in Mountain Green during the break between autumn and winter quarters.

Spring quarter will be a very active month for Eta Lambda Chapter. We will hold our annual spring formal next month. We will name the "Rose" of Delta Sigma Pi at this formal. We will also conduct Business Week for the School of Business and Economics. The Brothers have been working on all of these activities for months and plans are being finalized now. Business Week promises to be the highlight of our professional activities again this year. Some prominent and interesting business leaders will be taking part in this.

The Brothers of the chapter are continuing to operate the Student Book Exchange. Proceeds from the Book Exchange are used to finance activities like the Spring Formal and Business Week.—DARRELL J. ZELLER

CINCINNATI

ALPHA THETA CHAPTER initiated 12 enthusiastic, new members as a result of the fall rush program. Out of the fall pledge class the Brothers voted Ed Nieb outstanding pledge.

President Mike Tillar attended the National Association of Manufacturers Convention in New York. As a result of his attendance, the Alpha Theta Chapter hopes to create a better industry-student relationship through the introduction of businessmen and student seminars.

On December 17, Santa Claus made his annual visit to the Deltasig orphan's party. In his bagful of goodies Santa carried gifts for each of the orphans who were attending the annual Christmas party. In preparation for the orphan's party, the Brothers of the chapter rounded out their 1972 social calendar with a Trim-the-Tree party on Friday, December 15.

Under the excellent direction of Brother Jeff Waite, the 1973 Delta Sigma Pi "Rose" dance held here at the University of Cincinnati achieved the greatest success. Brother Jeff Waite truly should be commended for his outstanding work in making this "Rose" dance the high point of our social calendar.—WAYNE J. CONNER

MEMBERS OF CHI CHAPTER at Johns Hopkins University are shown here painting portions of the Baltimore-Central Maryland League for Crippled Children and Adults, Inc. From left to right the members are: Jack Heath, Bill Kilburn, Bob Manning, Jim Moylan, Len Faircloth and Calvin Young and Jack Heath's son, both on the front row.

JOHN HOPKINS

MUCH TO OUR SORROW, Chi Chapter was not able to participate in the Marine Corps "Toys For Tots" program this past December; due to conflicting dates. However, we have already volunteered our services for next year's program.

Once again, Chi Chapter has aided the Baltimore-Central Maryland League For Crippled Children and Adults, Inc. Each year Brothers and neophytes provide time and effort to help this worthy organization. We generally paint several areas within the building but have, on occasion, planted trees and shrubs on the grounds. All Brothers that have participated in these Help Days at the League feel very gratified after a day there helping children.

Second term registration at Johns Hopkins took place January 20th, 22nd, and 23rd. Chi Chapter again aided in registration. We plan to make this project a semi-annual endeavor. As enrollments grow, so does the burden at registration, and we are happy that we can assist the Registrar's office in this task.—LEONARD FAIRCLOTH

LEWIS

ZETA XI CHAPTER is proud to announce that since their reorganization of October 19, 1972, there has been a marked improvement. The Chapter projected a high degree of professionalism in their efforts to serve Lewis College through speakers such as: Don Weir, Public Affairs Manager of Caterpillar; Francis Sloat of the Wall Street Journal; Robert Wheeler, Vice President and General Manager of WJRC radio, Joliet; and Richard Dossey, Public Accountant of Peat Marwick and Mitchell, Inc.

Also, in the area of fund-raising, there is remarkable progress. Through the exceptional sales ability of Bob Weber, Bob Johnson, Dan Lambert and Larry Lagowski, a campaign was undertaken to sell advertisement to local businesses. By making use of these fine assets within and surrounding Zeta Xi Chapter, we hope to experience continued success.

We also wish to announce our newly initiated brothers: Herbert Ashley, Jeff Forgue and Pat O'Brien. Brother Ashley, who is a member of the business faculty, was selected this past semester for faculty membership. Jeff Forgue is a sophomore majoring in business, and Pat O'Brien is a sophomore majoring in accounting. We know they will be very valuable assets to Delta Sigma Pi and the community.—NICHOLAS F. TURCIC

NEBRASKA—Omaha

GAMMA ETA CHAPTER at the University of Nebraska at Omaha is successfully completing the sale of coupon books for its fund raising project which was started last September. The first \$1000 which we received from the sales went into the Wayne M. Higley Scholarship Fund which gives financial aid to worthy students in the College of Business Administration. We are looking forward to meeting our goal of realizing over \$3000 from the sale of the coupon books which offer various discounts at eating, drinking, and clothing establishments.

The Brothers of the chapter participated in the Honey Sunday fund raising drive November 19. We sold all of the bottles of honey allotted to us. The proceeds go to help retarded children.

The chapter is looking forward to a fine professional program this semester. A tour of Northwestern Bell Telephone is planned and we are expecting four speakers throughout the semester from various civic and professional leaders.

The chapter initiated six men on December 3. We feel that these new members will help us better achieve and fulfill the goals and objectives of the fraternity and the chapter.—ROBERT A. Cox

WASHBURN

DELTA CHI CHAPTER enjoyed a successful Fall semester with several fund raising projects, including a student book exchange and two garage sales. The annual trade fair is to be held during the Spring semester with a Business Day and several professional speakers planned.

Our professional tour to St. Louis, Missouri, included tours of Spatz Paints Industries, St. Louis Post Dispatch, and the Budweiser Brewery. Brother Lee Dale made the arrangements for the trip which was well attended by both Brothers and pledges.

Newly elected officers for the Spring semester are Glen Griffith, president; Stephen Head, senior vice president, Mark Morley, vice president of pledge education; Jim Forsee, vice president of professional activities; Dan Linta, chancellor; John Arensdorf, secretary; Bob Meyer, treasurer; and Bob Hood, historian.

Delta Chi Chapter pledged 16 members during the Fall semester and our new Brothers have already proved a valuable asset to the chapter. Our second semester rush is well under way with several coffees planned to acquaint potential members with the purpose and professional goals of our chapter.

The Midwestern Regional Meeting of Delta Sigma Pi held at Oklahoma City October 6-8, 1972, was attended by three Brothers of Delta Chi Chapter. Jim Clancy, Mark Morley and Steve Head presented a panel discussion to the convention on fund raising projects.—STEPHEN J. HEAD

ST. AMBROSE

THE BROTHERS OF Theta Omicron Chapter at St. Ambrose College have completed a happy holiday season and are now well into our second semester pledge education program, having opened it with a smoker.

An important undertaking this semester in our chapter is a joint venture with the IRS, working and training with them for two days through program learning. With this experience, we make ourselves available to the elderly to help them fill out their tax forms. This provides vital assistance to them as well as benefiting the students in their learning. This program is called Voluntary Income Tax Assistance (VITA). One of our projects this winter, which we accomplished over semester break, was volunteering manpower and materials to paint two classrooms in the business administration department.

Other activities keeping the Brothers busy are two basketball teams in intramural competition, planning for initiation on March 25, making plans for the "Rose" Formal on April 7, and selecting a "Rose".—JAMES C. DAUFELDT

SHEPHERD

THE BROTHERS at Epsilon Kappa Chapter honored Harry MacMahon at our Annual Founders' Day Banquet. The Brotherhood presented a plaque to our guest of honor for serving as our District Director for the past six years. We were assured by Harry that he would still be around to help us through our hard times.

Weary from their efforts, eight neophytes were initiated on November 17. Following initiation, everyone enjoyed a fine banquet. The eight new members are: Tom Conner, Tom Corcoran, Bob Jones, Fred Long, Tom Miller, Bob Putman, Jim Sale, and Mike Ware.

The fall banquet was enhanced with the announcement of Francina Gardiner, wife of Brother Al, as the "Rose" of Epsilon Kappa Chapter for the upcoming year. The Brotherhood is sure that Francina will represent us well.

Even though Epsilon Kappa Chapter is supported by a small college, we have achieved a strong reputation as one of the finest chapters in Delta Sigma Pi. We are proud that President Bruce Myers was selected to represent our Region at the National Association of Manufacturers in New York.—WILLIAM CARRIER

INDIANA

ALPHA PI CHAPTER of Indiana University has ended a very active fall semester. The semester consisted of several professional as well as social activities. The biggest social event of the semester was our "Rose" dance. The dance was held on the shore of Morgan Monroe Lake at the Inn of the Four Winds. Miss Ann Chizsum was elected as our "Rose" queen. Ann is a close friend of Brother Craig Carpenter. Our chapter presented its second annual Teaching Excellence Award for Dr. Hindelang, professor of production. The award was presented at the "Rose" dance.

We initiated 24 new members at the formal initiation ceremony on December 10. The Fall pledge class worked very hard on filling their requirements. For their community project they re-landscaped the Municipal building in Bloomington, Indiana. It was a very ambitious undertaking but, as it turned out, a very worthwhile job.

Our chapter was represented at the regional conference by Brothers Steve Schneider and Rob Thomas. They brought back many new ideas to share with the rest of the Brothers.

Alpha Pi Chapter is going to miss its several graduating seniors. We all want to extend to these Brothers our best wishes for a successful future.—SCOTT SPIEGEL

ONE OF THE MANY opportunities afforded the chapter presidents attending the National Association of Manufacturers' Congress of American Industry is the opportunity to meet with businessmen and to help develop the NAM-Delta Sigma Pi "Student-Industry Plan for Action," a program that is helping to create dialogue between students of business and the businessman. Shown here is Executive Director Charles Farrar and two of the ten chapter presidents who attended the 1972 meeting visiting with NAM member in their Central Region. The two chapter presidents are Richard K. Locke, Indiana University Northwest and Michael J. Tillar, University of Cincinnati.

TEXAS A & I

ZETA NU CHAPTER at Texas A & I University concluded the semester with the initiation of the Omicron pledge class consisting of Ronald Berger, Harold Bluhm, Bubba Champion, Milton Ivy, Kenneth Koch, Roberto Murdock, John Madden, Rock Rhyne, Arnold Snowberger and Robert O. Kirby (faculty member). Outstanding member for the semester was Brother Keith Champagne while Brother Bubba Champion received the outstanding pledge award.

Professionally, we had a very active program starting with a dinner meeting, after which Mr. Jack Matthews of Kirby Vacuum Cleaner Sales spoke on "Salesmanship". On January 6 we held our first annual chapter workshop featuring our Advisors Dr. Robert Nash, William J. Bartley, Kent T. Fields and Robert O. Kirby. Future social and professional activities, along with the development of chapter leadership, were discussed.

Socially, we held a very successful rush party dinner and dance on February 3. On February 8 we sponsored the Heart Fund Dance from which all proceeds were given to the Heart Fund. Our "Rose" Ball will be held on April 14.

Recently, Past Chapter President Rick Stevens visited us from Shepard Air Force Base where he is undergoing flight training. We wish him the best of luck in his new career.

Our newly elected officers are: John Harrington, president; Keith Champagne, senior vice president; Ronnie Dollins, vice president-pledge education; Ernie Trevino, vice president-professional activities; Rock Rhyne, secretary; Roberto Murdock, treasurer; Fred Simon, chancellor; and John Maddon, historian.—ARNOLD SNOWBERGER

TEXAS—Arlington

THE ZETA MU CHAPTER of Delta Sigma Pi is proud to announce the completion of one of the finest semesters in the chapter's seven year history.

Zeta Mu Chapter initiated a nine man pledge class, considered by most as one of the best. The new initiates are Frank Allen, Ken Branch, Larry Dennis, Lonnie Gray, Phil Hart, George Martinez, Bill Pitts, Dean Throckmorton, and Paul Weireither.

Officers for the Spring of 1973 have been elected and again Zeta Mu Chapter looks forward to one of its most productive semesters. Officers are Jeff Dreskin, president; Robert Urban, senior vice president; Lonnie Gray, vice president for professional activities; Dean Throckmorton, vice president for pledge education; Larry Dennis, treasurer; Bill Pitts, secretary; Arlon Cobb, chancellor; Ken Branch, historian; and Dale Rouze, CEI chairman.

Professional programs for the current semester have included a tour of Miller's Brewery during Spring rush and current plans to help organize a Council of Professional Organization on the UTA campus. Tours of

mobile home giant Redman Industries, and Arlington based General Motors are also slated as future events on the professional

The population explosion has reached the chapter with new additions arriving soon at the homes of Jack and Donna Abraham and Marvin and Sharon Sulak. The marriages of Brothers Dale Rouze, John Walker, and Greg Colvin might also produce future Deltasigs, but only time will tell.

ROCHESTER TECH

EPSILON LAMBDA CHAPTER at Rochester Institute of Technology has just completed a successful professional program for the year. Our vice president for professional activities, Bill Daddario, has added several new ideas to our chapter's professional program. Bill started our film day, with a continuous showing of management training films open to the entire R.I.T. student body and faculty. He has set up a new kind of day-long seminar in which we work on a project along with Rochester businessmen in a shirt sleeves session. Through Bill's arrangements we are able to attend local Chamber of Commerce luncheons, where we can benefit from speakers on various topics. These ideas were excellent additions to our regular professional program.

Epsilon Lambda Chapter is looking forward to another successful intramural softball season. In previous years our team has taken first or second place in our division. We have just finished our intramural basketball season with a somewhat less than desired record. However, just participating in sports keeps good spirit in the chapter.

Another "sports" event here at R.I.T. is the broom hockey tournament during winter weekend. It takes place from 12 midnight until six in the morning. The game is played with brooms and a volleyball—but no skates on the ice rink. Our team did fairly well.

At our recent initiation Randy Howard, Mike English, Scott Barnes, and John Phelps became members of our chapter.—ROBERT B. KLIE

WESTERN STATE

HERE AT WESTERN STATE COLLEGE we managed to keep the warmth of Brotherhood going throughout the subzero temperatures of the winter quarter.

Along with extending the hand of brothership to six new brothers at the "Rose" Dance on January 20, we also welcomed our newly organized Alumni Club. We feel that both will help the Zeta Kappa Chapter grow and prosper.

Our rush was held on February 21. We had some success in replacing the outgoing Brothers. Never the less, when June rolls around it will be hard to fill the shoes of many of the Brothers who we will lose due to graduation. What we lose the Alumni will gain.—KURT R. KELLEY

TEXAS-El Paso

GAMMA PHI CHAPTER at The University of Texas at El Paso is presently acting as advisors to one of the El Paso Junior Achievement groups. This program has been an educational experience for both the members of the Junior Achievement and their Deltasig advisors. While Junior Achievement is one of the chapter's important projects, we have not neglected the other functions necessary for the good of the chapter. The chapter has had several guest speakers and tours that are representative of the businesses surrounding El Paso. With these activities, our goal of 100,000 points in the Chapter Efficiency Index comes ever nearer.

The chapter is not all work and no play. During the semester break, several members gathered at Ruidosa, New Mexico, for an informal chapter party. A good time was had by all. Also, preparation for the annual "Rose" Ball is in full swing and ensures the success of the ball.—ALFRED A. WOODS

STATE U. OF NEW YORK—Albany

ZETA PSI CHAPTER presented at its professional meeting Mr. Donald Stone of Albany region of the National Alliance for Business. Mr. Stone addressed the chapter on NAB's program of helping veterans and the handicapped obtain jobs.

Newly elected officers for the spring semester are: Mike Preble, president; Bob Malay, senior vice president; Dave Lipkowitz, vice president for pledge education; John Januska, vice president for professional activities; Tim Callery, chancellor, and Tom Bruck, historian.

Finally, the chapter-sponsored bowling team with the School of Business finished the fall season with a banquet at Vallee's restaurant in Albany. First place went to the team of Tom Bruck, Craig Francis, and Steven Schumach; high game and high average to Tom Petterson, and high series to Tom Bruck.—STEVEN A. SCHUMACH

MISSOURI-St. Louis

ETA NU CHAPTER conducted a semester course evaluation again this winter. The Brothers devote their time and efforts every winter and spring to performing this service for the School of Business Administration at the University of Missouri.

The Comptroller and Executive Vice President of the St. Louis Blues, Mr. Bill Combs, was featured at a well attended speaker meeting. Mr. Larry Covington, an automation specialist with a local CPA firm, addressed another speaker meeting. Later this spring, the Young Presidents Organization will again provide us with two business speakers. Winter and spring brought enjoyable social events also. The members beat the pledges 42-0 in a touch football game. A hay ride at Circle R Ranch provided a great time for all. We are now planning a bowling party with the Alumni Club and preparing for another "Rose" Ball this spring.

The spring semester brought another successful rush for Eta Nu Chapter. Brother John Lawrence is administering the pledge program and assures us that the pledges will be ready for initiation in late April.

A tally of our Chapter Efficiency Index points relates that Eta Nu Chapter should earn 100,000 points. This achievement reflects our Brotherhood's efforts and adherence to the purpose of the fraternity.—CHUCK MCDONALD

STATE U. OF NEW YORK-Buffalo

ALPHA KAPPA CHAPTER at the State University of New York at Buffalo held their fall initiation and Holiday Dinner Dance at the Syracuse Restaurant, 4346 Bailey Avenue, Buffalo, New York, on December 7, 1972. The gala affair was attended by more than eighty undergraduates and Alumni Club members, and their wives and dates, plus the new brothers and their dates.

The restaurant provided Alpha Kappa Chapter a private dining room, dance floor, bar and band.

President Paul Frey welcomed all new Brothers and stressed the importance of professionalism, membership and Brotherhood and the continuance of the Fraternity traditions in the finest of spirits.

Alpha Kappa Chapter "Rose" Queen, Miss Elaine Grant, was awarded a beautiful gold necklace for her continued support of the chapter social activities.—FRONCELL CLIFTON, JR.

ILLINOIS—Champaign-Urbana

THE FALL SEMESTER came to an exciting close at Upsilon Chapter with the initiation of pledges, the "Rose" formal, and installation of new officers. Already into the spring semester we are enjoying one of our finest programs ever. A wide range of professional and social activities fill the calendar. Our rush program was very successful and the Brothers look forward to preparing these pledges for membership in Upsilon Chapter. Our pledge program is geared toward greater interaction between the brothers and the pledges.

This semester's officers are: Chuck Lewis, president; J. C. Schmidt, senior vice president; Ira Frost, vice president; Craig Lofgren, pledge educator; Bob Domagala, secretary; Stan Wallach, treasurer; Bob Hackman, historian; and Roger Holmes, chancellor.

In electing these officers the emphasis was placed upon our relatively new initiates running the chapter. They have many innovative ideas that they are anxious to apply. This enthusiasm is reflected in the excellent start of this semester.

In closing, Upsilon Chapter extends best wishes to the other chapters of Delta Sigma Pi.—GREG MEYERING

MISSOURI—Columbia

ALPHA BETA CHAPTER'S 24 fall semester initiates quickly integrated themselves into the business and activities of the chapter, as Deltasigs at Missouri turned their attention to the achievement of 100,000 points in the Chapter Efficiency Index for the 33rd consecutive year. New Brothers Wallace Head, Dave Ingersoll, and George Careklas were elected Senior Vice President, Vice President of Pledge Education, and Chancellor, respectively, while their pledge Brothers contributed \$500 toward Alpha Beta Chapter's golden anniversary reunion on March 23-24.

Three new initiates were also among the seven Deltasigs named in the 1973 edition of "Who's Who." Members selected were Brothers Bud Beetsma, Tom Cooper, Jerry Eck, Dave Ingersoll, Dave Kampschmidt, Eric Sorensen, and Russ Starr. Other new officers, elected in December, are President Tom Cooper, and "second-termers" Dave Stallings, Don Palmer, and Larry Haraway—vice president of professional activities, secretary and treasurer, respectively.

Outgoing President Bud Beetsma attended the National Association of Manufacturers convention in New York during early December and returned with a number of valuable ideas for chapter liaison with the local business community. A number of Brothers traveled to Phoenix over the holidays, where the Missouri Tigers battled Arizona State in the Fiesta Bowl. Plans are also being made for a spring industrial tour to New Orleans, Denver, or Minneapolis.—ERIC SORENSEN

NEW YORK

ALPHA CHAPTER kicked off the fall semester rush before the very first day of school with a buffet luncheon for all the incoming freshmen and transfer students. The first rush party set the tone for what proved to be a very successful rush. Altogether, the rush resulted in the induction of nine outstanding pledges.

Thanks to the enthusiastic efforts of Brother Ed Tonna, Alpha Chapter sponsored a greater number of professional meetings than usual, climaxed by a lecture given by Brother Tonna's father, who is the head of the NYU Dental Research Institute. On November 9, 1972, the Brothers of Alpha Chapter once again celebrated Founders' Day with the Alumni at a dinner. Afterwards, the Alumni joined the Brothers in a vigorous fund raising campaign from which Alpha Chapter profited handsomely. Entertainment was provided by Brother Hector Rivera, the well-known stable owner.

Academic scholarship is a high point this year, with Brother Steven "Bull Whip" Wolitzer looking to be this year's winner of the Delta Sigma Pi Scholarship Key, and Brother Richard Hoefling following faithfully in his footsteps. Brother Arthur Coussa, Alpha Chapter's other university scholar, has been interning with Western Electric this semester and will return to school full-time in the spring, anxious to apply what he learned.

Chapter Efficiency Index Chairman Brother Douglas Brown expects another exceptionally good year. However, a perfect 100,000 points will probably be impossible to achieve, due to an unrealistic membership quota assignment from The Central Office. Nonetheless, the broad range of activities sponsored by Alpha Chapter have made belonging to Delta Sigma Pi at New York University, the birthplace of the Fraternity, a completely rewarding and fulfilling experience this semester.—ROBERT KURTZ

EASTERN ILLINOIS

EPSILON OMEGA CHAPTER at Eastern Illinois University held a dual purpose banquet on November 11, 1972. It not only served as a Founders' Day celebration banquet, but also as a celebration banquet for the eight Fall quarter initiates, including one faculty member. The new Brothers are Jim Catalana, Rod Cekander, Vince Deadmond, Bill Jacques, Doug Johnson, Ted Stalets, Brian Traughber, and Mr. Austin Jones, of the accounting department. Present at the banquet were Grand President Thomas Mocella and his wife, Secretary of the Educational Foundation, Timothy Gover and his wife, Central Regional Director Steven Szekely, and Dean Giffin and Dr. Fagan (both of the School of Business) and their wives. Also, there were many alumni present.

We had several tours in January and also had an inventory project in February at a department store in Mattoon. The new Brothers have given new life to the chapter and have been a valuable and growing asset to us and to Delta Sigma Pi. Also, the chapter has profited greatly from the guidance of our new advisor, Thomas Maruna of the School of Business' marketing department. His help has been invaluable this past quarter.

The Brothers of Epsilon Omega Chapter hope that all of the Brothers and chapters of Delta Sigma Pi are as successful as our own has been so far this year.—GREGORY E. WAHLS

SOUTH DAKOTA

ALPHA ETA CHAPTER at the University of South Dakota ended the University of South Dakota ended the Spring semester with the annual Deltasig-faculty softball game and rib feed. The final score is still being disputed since neither group will admit to defeat.

The semester began with the coronation of our new "Rose." After considerable deliberation, the chapter chose Miss Wanda Frerichs, a junior from Sioux City, Iowa, and a special education major.

New officers were also selected. The new officers are: Casey Peterson, president; Fred Frederes, senior vice president; Bob Connor, vice president of pledge education; Ed Bouwman, vice president of professional activities; Lyle Impecoven, secretary; Phil McLellan, treasurer; Bob Cahill, historian; and Stan McCright, chancellor.

Many of our Brothers spent the first half of the semester in the newly implemented USD School of Business Internship Program. Although the chapter includes less than one sixth of the business students, they captured more than one-third of the available openings.

The annual Spring Formal, to be held in April, is expected to attract nearly all of the Brothers and many of the faculty. It is expected to be an overwhelming success, especially for the pledges who will be initiated on that day. Also included in the semester is a field trip to Chicago and our annual Mile of Dimes charity drive.

Although time was at a premium this semester, the professional program was not slighted. In addition to such national firms as Arthur Anderson and Company, regional firms such as Gibsons and the First Bank System were represented. Commencement day will see nearly half of our chapter walk across the stage to meet the challenge of their new careers. We are grateful for the contribution they made to the chapter and wish them and all the Brothers throughout the fraternity our best wishes for a successful and rewarding future.—THOMAS W. HABERER

ARIZONA STATE

GAMMA OMEGA CHAPTER ended its fall semester by initiating 16 new Brothers into the fraternity on December 9. Brother Tom Severance was selected as Outstanding Pledge and was so recognized at the initiation banquet by Brother Frank Wyrwicki, vice president of pledge education. Brother Scott Morgan was the recipient of the Bruce Hoffman Memorial Scholarship for the spring semester. Also, Brother Doug Ball was presented Gamma Omega Chapter's own Fickled Finger of Fate Award for actions above and beyond the call of duty. Who will be next?

More Brothers of Gamma Omega Chapter that deserve recognition are Brothers Jeff Lindquist and Ken Lyding, president and vice president respectively of the College of Business Administration's Student Council, and Brothers Brent Corwin and Louis Quihuis, student representatives to the Curriculum Committee in the College of Business at Arizona State.

Gamma Omega Chapter's professional program was a big success this semester, under the chairmanship of Brother Sean Prior. A tour to the new Phoenix Civic Plaza brought the professional program to a close for the fall semester. This school year many interested Brothers are serving as business advisors to small business enterprises that need or desire consultation. This is being done in conjunction with the Small Business Administration.

We at Gamma Omega Chapter wish the best to Brother John Richardson in his position as Chapter Consultant at The Central Office.—CLIFF SMITH

COLORADO

THE ALPHA RHO CHAPTER of Delta Sigma Pi experienced a successful fall and winter, both professionally and socially.

The showing of the famous Marx Brothers flick, "A Day at the Races," proved very rewarding and profitable for our fall pledge class. Through their extensive promotion of the film and enthusiasm, their efforts were rewarded by clearing over \$200, which was donated to the University of Colorado's Business Library.

In January, we held our semesterly School of Business book exchange. We feel that this is a good service to perpetuate, since it allows students the opportunity to buy their books at cheaper prices than at the local bookstores. Also, we sell on a commission basis, which allows the seller a higher percentage of return on his used books than elsewhere.

Our winter professional schedule has provided us with a number of local businessmen. In the spring, we are looking forward to welcoming more invigorating speakers to our meetings from various areas of business from banking to education. Also, we are planning more tours of local business enterprises, such as investigating the complexities of running a small retail establishment and the exciting profitable potential of a racetrack.

Never being a group to overlook the importance of the social aspects of college life, we have enjoyed a goodly number of parties and functions this semester. An exciting ski holiday is planned for all local Brothers by our chapter later on this winter.—GREGORY MORRIS

To Brother and Mrs. Charles Wakeem, Texas-El Paso, on October 6, 1972, a son, Kevin Charles.

To Brother and Mrs. William E. Metts, Rutgers-Beta Rho, on May 23, 1972, a son, William E.

To Brother and Mrs. Lester Brown, Rutgers-Beta Rho, on July 1, 1972, a son, Christopher.

To Brother and Mrs. Steven Reed, Rutgers-Beta Rho, on October 13, 1972, a daughter, Stephanie Kendall.

To Brother and Mrs. Gary Cook, Texas A & I, on June 26, 1972, a daughter, Jennifer.

To Brother and Mrs. Ralph Howard, Weber State, on July 16, 1972, twins, John Wesley and David Matthew.

To Brother and Mrs. Bryant Brand, *DePaul*, on October 9, 1972, a son, Keith Patrick.

To Brother and Mrs. George C. Peyton, Virginia Commonwealth, on June 12, 1972, a son, Arnold Terrell.

To Brother and Mrs. E. Gray Webb, Florida Atlantic, on October 6, 1972, a daughter, Vanessa Chase.

To Brother and Mrs. William Duffy, LaSalle, on June 22, 1972, a daughter, Maureen.

To Brother and Mrs. Joseph J. Curcio, St. Joseph's, on September 10, 1972, a son, Joseph John.

To Brother and Mrs. Hugh F. Deithorn, Duquesne, on September 7, 1972, a daughter, Kimberly Ann.

To Brother and Mrs. John M. Range, Nebraska-Lincoln, on September 7, 1972, a daughter, Kristi Michelle.

To Brother and Mrs. Michael Pauling, Minnesota, on October 14, 1972, a daughter, Dawn Heather.

To Brother and Mrs. John Zastrow, *Minnesota*, on October 2, 1972, a daughter, Jennifer.

To Brother and Mrs. Patrick O'Mahoney, Eastern New Mexico, on December 9, 1972, a son, Patrick John.

To Brother and Mrs. Kenneth E. Redman, Washburn, on October 9, 1972, a daughter, Jennifer Lynn.

To Brother and Mrs. Lawrence A. Tomsic, San Francisco, on May 15, 1972, a son, Matthew Eugene. To Brother and Mrs. Ronald G. Davis, Wayne State-Nebraska, on November 28, 1972, a daughter Krystine Michele.

To Brother and Mrs. James J. Rubisch, LaSalle, on November 5, 1972, a daughter, Amy.

To Brother and Mrs. William C. Martin, LaSalle, on August 17, 1972, a son, Christopher John.

To Brother and Mrs. Harold L. Cherney, LaSalle, on October 29, 1972, a daughter, Samantha Louise.

To Brother and Mrs. John J. Stamerro, LaSalle, a son, John, Jr.

FERRIS STATE

DELTA RHO CHAPTER at Big Rapids, Michigan, is making good its earlier prediction of having its best year ever. Chapter Efficiency Index points are adding up and with a full quarter to go, we are working hard for 100,000 points.

Twenty-four Brothers returned for winter quarter to carry on the objectives and goals of the chapter. We started 1973 out right with our second smoker of the school year. All Brothers agree that each successive smoker becomes more successful.

Because of the importance of a good professional program, Chairman Keith Craven has provided us with a full slate of speakers, tours and various other professional activities.

The men of Delta Rho Chapter are making necessary preparations for our fourth annual "Delta Sigma Pi Career Day" which is scheduled for April 17, 1973. Career Day is an opportunity for the diverse student body of Ferris State to see what the business and industrial world has to offer them in career and employment opportunities.

Many of the Brothers have taken to the slopes the past few months for their own ski parties. Meanwhile, the warm-weather Brothers have held various other events and indoor parties.

The members of Delta Rho Chapter are going all out for their annual "Rose" ball and extend an open invitation to all alumni.—PATRICK DOHANY

SOUTH CAROLINA

BETA GAMMA CHAPTER at University of South Carolina is looking forward to attending classes in the new five million dollar College of Business Administration building. In addition to improved classroom and library facilities, the nine story building will have increased space for student activities.

Both professional and non-professional programs had special significance during the fall semester. An outstanding professional program was carried out by Brother Scooter Roof. His fine selection of speakers, along with tours to the data processing facilities of The State Law Enforcement Division and of Springs Mills, added greatly to the professional atmosphere of the chapter. In the sports program, for the first time in recent years, the undergraduate football team defeated the Columbia Alumni Club. Athletic Director Boyd Rhoten is confident of victory in basketball against the Alumni Club.

The annual "Rose" formal was again a tremendous success. On hand to witness the

crowning of Babs McConkey, 1973 "Rose" Queen, were many local alumni. Breakfast was served at the chapter house after the formal.

The installation of the following Brothers as officers completed the successful fall semester: John Blackshire, president; Bill Dunaway, senior vice president; Cliff Koon, vice president—pledge education; Carl Quickmire, vice president —professional activities; Olin Rowe, treasurer; Bill Lemmon, secretary; Gary Hogan, chancellor; and Joe Lemmon, historian.—JOE LEMMON

Marc Engelmann, St. Ambrose, on August 12, 1972, to Marianne Uthoff, at Davenport, Iowa.

Robert Zelsdorf, St. Ambrose, on December 30, 1972, to Joyce Trumbull, at Burlington, Iowa.

Henry Alaniz, *Eastern New Mexico*, on August 12, 1972, to Donna Gross, at Roswell, New Mexico.

James E. Hohimer, *Eastern New Mexico*, on August 19, 1972, to Shelly John at Jal, N. Mex.

Cleve Teague, *Eastern New Mexico*, on November 23, 1972, to Debra Matkins at Hobbs, N. Mex.

Scotty B. Hart, *Eastern New Mexico*, on December 30, 1972, to Lorrie Lacey at Portales, N. Mex.

Charles E. Kerwood, *Kent State*, on December 16, 1972, to Mary Ann Picciano, at Wickliffe, Ohio.

Richard E. Babb, Jr., *Virginia Tech*, on November 4, 1972, to Vivian E. Ryals, at Augusta, Ga.

Gary E. Payne, Kent State, on August 5, 1972, to Catherine Ann O'Donnell, at San Francisco, Calif.

Bruce D. Ruppert, *Rider*, on May 27, 1972, to Karen Mills, at Northwestern, N.Y.

Richard V. Pilukaitis, *Rider*, on June 17, 1972, to Patricia Fox, at Plainfield, N.J.

Leonard A. Frederick, *Rider*, on June 24, 1972, to Elaine Bodi, at Perth Amboy, N.J.

Kevin J. Murphy, *Rider*, on July 1, 1972, to Delores Cartwright, at Millburn, N.J.

George T. Hornyak, Jr., *Rider*, on August 26, 1972, to Celia Reynolds, at Morrisville, N.J.

Stephen P. Yambor, *Rider*, on September 30, 1972, to Margaret Wescott, at Williamstown, N.J.

Continued from page 64

Accommodations

The hotel can accommodate approximately 500 persons depending upon the utilization of the rooms. Attendance at previous Grand Chapter Congresses has been near or slightly in excess of this number. Accommodations will be assigned on a first come, first served basis. A registration fee for each person (including women and children) is required at the time the Advance Reservation is made. This fee is payable to the fraternity and does not apply to any of the hotel costs. This fee will be refunded if the member(s) cannot attend the Grand Chapter Congress and provided The Central Office is notified by August 6, 1973, and his reservation(s) is canceled.

The daily rate will include hotel room accommodations, all meals (breakfast, lunch and dinner beginning with the dinner on Monday evening and concluding with the farewell luncheon on Friday), tax and tips for dining room personnel, and maids. The daily rate does not include bellmen, sightseeing, room service, or entertainment expense.

The daily rates are as follows:

- Single-\$32.50, \$3.00 tip and \$1.63 tax - \$37.13 (4 day convention \$148.52)
- Twin (per person)—\$27.50, \$3.00 tip and \$1.38 tax - \$31.88 (4 day convention \$127.52)
- Triple (per person)—\$25.00, \$3.00 tip and \$1.25 tax - \$29.25 (4 day convention \$117.00). Includes two twin beds and a rollaway bed.
- Triple or Quad (per person) --\$25.00, \$3.00 tip and \$1.25 tax - \$29.25 (4 day convention \$117.00). Includes twin beds in two rooms with adjoining bath for both rooms.
- Lanai Suites (per person)—\$32.50, \$3.00 tip and \$1.63 tax - \$37.13 (4 day convention \$148.52)
- Children in room with parents or in separate room with adjoining bath for both rooms:
- Nine years and under—\$9.00, \$3.00 tip and .45 tax - \$12.45 (4 day convention \$49.80)
- Ten years to 14-\$10.00, \$3.00 tip and .50 tax - \$13.50 (4 day convention \$54.00) tion \$54.00)
- Fourteen and over—\$20.00, \$3.00 tip and \$1.00 tax - \$24.00 (4 day convention \$96.00)
- Children in separate room with private bath—same as adult rates quoted above.

Upon receipt of the Registration fee and your Advance Reservation, additional information concerning the 29th Grand Chapter Congress will be provided by The Central Office to enable you to complete your reservations directly with the Wentworth by the Sea.

DELTA SIGMA PI-NATIONAL ASSOCIATION OF MANUFACTURERS Continue to promote STUDENT INDUSTRY PLAN OF ACTION

FIRST ANNOUNCED TWO years ago at the 28th Grand Chapter Congress by Brother A. Wright Elliott, Executive Vice President of the National Association of Manufacturers, the fraternity and NAM continue to promote the "Student-Industry Plan for Action" begun at that time. Chapters were provided with guidelines for such a program that might initially include only the members of the fraternity but eventually would be expanded to include all students in the Schools, Colleges, Divisions or Departments of Business Administration where chapters of Delta Sigma Pi are located.

Some chapters have moved rapidly to implement such a program—one that:

Encourages increased understanding between the business community and students through dialogue and interactions for the betterment of the total community and,

Explores areas of mutual interest and concern to the community, leading to the development and implementation of action-oriented projects for the solution of problems.

From meetings in Chicago and New York in October and December, 1971, with 12 chapter presidents representing the 12 active regions of the fraternity and officers of Delta Sigma Pi and NAM, a basic concept of the program was explained and the following outline approved for making a presentation to the chapter and later to businessmen.

1. Identify the needs for increased student-businessman understanding and dialogue. Highlight the benefits which can result from this program.

Cover briefly the background of this program:

A. National fraternity endorsement.

- B. National Association of Manufacturers and Delta Sigma Pi cosponsorship.
- C. Participation and pilot-testing by 12 chapters.

3. The campus leadership role for Delta Sigma Pi in this project for all students.

4. Describe possible dialogue programs and action projects which would be of interest.

It was recommended that a committee be established in the chapter to identify chapter objectives and to organize, either by special assignment or by subcommittees, in order to reach the objectives.

Each year 12 chapter presidents from the 12 regions of the fraternity are chosen to represent Delta Sigma Pi at the annual Congress of American Industry in New York. These presidents are chosen by lottery from the chapters within each region achieving the Honor Roll in the Chapter Efficiency Index the previous year. Attending the meeting in 1972 were: Emil D. Duda, Rochester Institute of Technology; Bruce A. Myers, Shepherd College; Frederick M. Brune, University of South Carolina; Charles C. Joseph, Auburn University; W. Rufus Estis, Louisiana Tech University; Clifford G. Romberg, Drake University; Michael J. Tillar, University of Cincinnati; Richard K. Locke, Indiana University Northwest; Harold J. Beetsma, Jr., University of Missouri-Columbia; and Robert F. Biasotti, California State University-Chico. Also attending were Executive Director Charles L. Farrar and Assistant Executive Director Ben H. Wolfenberger. This meeting is just one example of the continuing efforts being made by Delta Sigma Pi and NAM to improve the relationship between business students and businessmen.

The following is a report of the 1972 meeting, which was prepared by Brother Robert Biasotti, president of Epsilon Theta Chapter.

The National Association of Manufacturers Convention held on December 7 & 8 in New York City was a fantastic experience to the Brothers who attended.

The program got under way in the Grand Ball Room of the Waldorf Astoria Hotel on Thursday morning. Presiding was Mr. M. P. Venna, Chairman of the Board of Universal Oil Products Company and Chairman of the Board of NAM. Following Mr. Venna's welcome was the United States Drum and Bugle Corps. This group put on an exciting display of music and decor and was a fine way to start this convention.

The first debate-discussion followed the opening ceremonies. This debate consisted of Mr. Eric Sevareid from CBS, Mr. Max Ways of *Fortune* magazine, and Mr. Phillip M. Crane, U.S. representative from Illinois. This discussion was very interesting as each member gave their views of the present condition of America from a political, economic, and social perspective. This discussion was also very colorful as the back drop of the stage blended with the elegance of the Grand Ball Room

After an eloquent lunch with Walter E. Hoadly, Executive Vice President of Bank of America, speaking on what big business can do to improve its image, we moved on to the second discussion group of the day.

Speakers in this group were economists from the U.S. and abroad discussing the subject of productivity. A heated debate took place here on different types of economies and which one is the most efficient. This was very interesting and it was good to know that big business discusses and is aware of the very ideas and theories we as students study in our economic classes.

Thursday evening was to me a real

EACH YEAR THE fraternity's representatives to the National Association of Manufacturers' Congress of American Industry are chosen from among the chapter presidents in each of the 12 Regions whose chapters achieved 100,000 points in the Chapter Efficiency Index. Shown here visiting with Assistant Executive Director Ben Wolfenberger are four of the representatives that attended the 1972 meeting at the Waldorf-Astoria Hotel in New York. They are from left to right: Michael J. Tillar, University of Cincinnati; Bruce A. Myers, Shepherd College; W. Rufus Estis, Louisiana Tech University; and Harold J. Beetsma, Jr., University of Missouri-Columbia.

highlight of the entire trip. Nine of us, including Ben Wolfenberger and Charles Farrar, took the subway to New York University to visit and attend a business meeting of Alpha Chapter. After the meeting, we went to the campus and right in front of us was the College of Business and Public Administration where our Fraternity was founded over 65 years ago. It gave us all a real deep feeling of pride and humbleness to be there.

Friday morning started with a discussion on the public climate of America. Among the panelists were Barbara Walters of the Today Show, David Broder of the Washington Post, T. George Harris of Psychoology Today and others. This was a lively discussion on the public opinion and news media of America.

The guest speaker Friday afternoon was Mr. Edward E. Carlson, President of United Airlines. Mr. Carlson gave a very critical view of competition in the airline industry. Mr. Carlson gave examples and stated staggering figures of how competition is ruining the airline industry. His fear is that unless the CAB regulates competition, the airlines in this country will have to be owned and operated by the government.

At 2 P.M. Friday, we met with Brother Lee Hamilton and other NAM officials to discuss the program between NAM & Delta Sigma Pi. We discussed what our individual chapters had been doing and what problems we have had. We also discussed how to improve this two year old program to make it more beneficial.

Friday evening was a real enjoyable event. After a reception, we were seated for the banquet. Speaking was Ronald Reagan, Governor of California. The Governor gave a humorous and interesting talk on "big Business." He left a simple message that "big business" must tell its story to the nation.

Following the dinner, dance music was provided by Tony Martin and the Glen Miller Orchestra. We didn't do much dancing but we did have plenty of time to talk with many Presidents and Chairman of the Boards of large firms about business and its future. It was an excellent way to end the two day affair.

The theme that echoed throughout the convention was that "Big Business" has a story to tell, and it is a good story. Business has done wonders for this country and the world but has been over ridden by lobbyists, Naders and others. But this theme was genuine in that each discussion group and speaker in their own way, in their own profession told of how business is going good and told of the vast misconceptions the public has. The officers of the large corporation were very interested in what we as young people and students thought of business in America. The entire atmosphere was a learning one in which everyone shared their views.

Of course the real purpose we were in attendance at this convention is to represent Delta Sigma Pi and to discuss our program with NAM with NAM officials.

This program that we have with NAM is amazing. I feel it is the real strength of the Fraternity in the future. We can work with NAM members in our areas and learn so much from them. I sincerely hope all the chapters will implement this program if you have not already. There is a lot here that we can benefit from and it is up to us to get it started. Hopefully, each chapter has a list of NAM members in their areas. If you have any questions, contact The Central Office or Brother James L. Hamilton, NAM, 277 Park Avenue, New York, New York 10017.

James Clark, *LaSalle*, recently received his Ph.D. in economics from the University of Notre Dame and is now an Assistant Professor of Economics at Villanova University.

Michael G. Anzilotti, Virginia Tech, has been named accountant for the First Virginia Bank in Falls Church, Va.

Terrence B. DeWeerd, *Ferris State*, has been named Secretary-Treasurer of Decker Manufacturing Corp. in Albion, Mich.

King Herr, *Iowa*, recently received the "Outstanding Civic Service Award" presented by the Dubuque Area Chamber of Commerce. Brother Herr is the vice president and loan officer of the American Trust and Savings Bank, Dubuque, Iowa.

Richard G. Horn, *Kent State*, is the recipient of the Cuyahoga Falls Junior Chamber International Senatorship award which is the highest award presented in the United States to Jaycee members. Brother Horn is the coordinator of vocational business and office education programs at Kent State University. Last year he received a \$100,000 federal grant to establish Vocation Business Office Education teaching lab at Kent State—one of two in the State of Ohio.

Dr. Richard W. Bryan, a charter member of Kappa Chapter, has been selected to appear in the 1972-73 edition of the Dictionary of International Biograph, a record of contemporary achievement published in London, England. Brother Bryan is a visiting professor of business administration at Athens College, Athens, Ala. Prior to assuming his present position he was professor of economics and finance at Louisiana Tech for 11 years. He has also served on the faculty at Auburn University, the Universities of Tampa and Bridgeport and Catawba College.
