ABOUT THE KEYNOTE: Jeff Wozer

Unplug to Recharge – Seize the Day Over Seizing Your Phone

We can all agree that our electronic devices are amazing. But therein lies the problem – they're too amazing. We cannot remove our eyes from our screens. Consequently, instead of doing, we're viewing, being reactive rather than proactive, treating life like a cheap approximation.

And this, often, comes at the unpardonable expense of family, jobs, grades, goals and even health.

Jeff, through his own screen-distraction struggle, delivers an impactful, motivating and highly entertaining presentation that helps us understand what our goal-vital attentions are up against in a world that views distraction as the new currency.

Having toured nationally for 20-plus years on the comedy club and corporate circuit, performing with the likes of Martin Short, Jim Gaffigan and Brian Regan, Jeff Wozer now pulls back the curtain on digital distraction, helping people, at both work and home, make better decisions with their screen-use time. Through keynotes and breakout sessions his engaging blend of insight and humor educates individuals on digital-balance practices so that they, not their devices, are controlling their attentions and, ultimately, their days.

Jeff's insights, borne from his own screen-struggle story, has inspired audiences at conferences and business meetings across the continent. Some of his clients include the National Recreation and Park Association, Premera Health, BASF, the New York State Correction and Youth Services Association, IMA Financial Group, the Eastern Plains Healthcare Consortium (EPHC) and the Arizona Society of Association Executives, to name a few.
